II.FORWARD BY THE CHAIRMAN NGCDF COMMITTEE

During the year under review, the Constituency was able to absorb funds up to 63% of the total budget. This was mainly due to late receiving of funds from the Board.

Achievements and Major Undertakings

During the year, the Committee disbursed a total of Kshs 19.2 M as bursary to needy students in secondary and tertiary institutions and this benefitted over 2000 students in various institutions. Major physical facilities funded are educational infrastructure such as classrooms, administration blocks, laboratories, dormitories and toilets. The committee is also funding the construction of Chiefs' offices as a way of enhancing security of our people. The continued funding towards the education sector in the Constituency has contributed to increased enrolment in primary, secondary and tertiary institutions whilst increasing retention and transition rates while equally reducing the burden of education for low income families.

Development Planning

The National Government Constituency Development Funds continue to draw a lot of interest from the community and various stakeholders. This has seen the receipt of many proposals from the community spanning various sectors. To ensure focus and fast track Constituency development, the Committee is planning to develop a five-year strategic plan as a blue print that spells out where the Constituency is going over the next five years in project identification, implementation and management taking cognizance of the global Sustainable Development Goals, Kenya Vision 2030 and related County Integrated Development Plans. The NGCDF Committee is convinced that the strategic plan shall help the Constituency in setting priorities, focusing energy and resources, strengthening operations and ensuring that the Committee, its employees and other stakeholders are working towards a common goal.

Challenges

Despite the above impressive performance and plans, the Committee has noted various challenges in project implementation and management during the FY 2019/2020. These includes, inadequate record keeping by PMCs, failure by some project management committees to comply with the public procurement procedures and regulations as well as delayed submission of the required returns for funds disbursed. Another notable challenge was the effects of Covid-19 pandemic which affected the general implementation of projects. Training of PMCs was greatly affected during the period under review and this delayed implementation of various projects. To mitigate the above challenges, the committee had to do piece meal induction of the PMCs' signatories.

The NG-CDFC plans to continue with the capacity building as well as monitoring and evaluation programmes during the ensuing financial year so as to strengthen service delivery to the constituents.

The underfunding and underperformance affected the planned activities and may have impacted negatively on service delivery to the public.

2.0 Project Implementation Status

Review of the project implementation status report revealed that there were twelve (12) ongoing/incomplete projects, two (2) projects with undisbursed funds and two (2) projects still at procurement stage relating to 2018-2019 financial year. Further, the report indicated that for the year 2019-2020, forty-two (42) projects were ongoing, thirty-eight (38) were complete whereas two (2) projects were at procurement stage.

The delay in implementation of the budget projects denies the public the would be benefits accruing from their use.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources section of my report, I confirm that, nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

1.0 Lack of Ownership Documents

The statement of receipts and payments and as disclosed in Note 6 to the financial statements reflects transfers to other Government entities figure of Kshs.83,04,500. This amount includes transfer to primary schools of Kshs.41,100,000 out of which an amount of Kshs.3,000,000 was incurred on the purchase of land for three (3) schools. However, the following anomalies were noted;

- i. Kapcheluch Primary School had been allocated Kshs.600,000 for purchase of 0.2 acres of land but the valuation report and title deed was not provided yet the Fund had already put up two classrooms in the said land.
- ii. Kipshorori Primary School had been allocated additional funding amounting to Kshs.200,000 for the purchase of 1 acre of land but there was no valuation report and title deed provided.
- iii. SDA Mlango Academy entered into a sale agreement for the purchase of 2 acres of land on 30 June, 2017 at a price of Kshs.4,400,000. However, it purchased one acre of the land from the same seller at a cost of Kshs.2,200,000 in 2019 and no valuation report or a sale agreement was provided. Physical verification conducted on 3 March, 2021 revealed that a block of two classrooms funded by the National Government Constituencies Development Fund - Chesumei Constituency had already been put up without title deed contrary circular reference number to CDFBOARD/CIRCULARS/VOL.I/108 dated 24 August, 2010.

Consequently, the ownership of the parcels of the land purchased could not be confirmed and Management was in breach of the Law.

2.0 Lack of an Education Officer on the Board

The statement of receipts and payments reflects other grants and transfers amount of Kshs.33,989,459 for the year ended 30 June, 2020, which includes bursary to secondary schools of Kshs.19,259,132 as disclosed in Note 7 to the financial statements. However, no evidence was provided to show that during the vetting, identification and categorizing of needy students the Bursary Subcommittee was inclusive of Area Education Officer or his representative as directed by the Board nor an Officer seconded from Ministry of

Education. This was contrary to the CDF Board circular reference VOL1/111 dated 13 September, 2010 requires formation of a subcommittee of Constituency Development Fund to manage the bursary scheme whose membership includes two co-opted members one who must be education officer or an officer seconded from Ministry of Education.

3.0 Unlabeled Projects

Physical verification carried out on 3 March, 2021 revealed that eight (8) projects valued at Kshs.3,750,000 were complete but not labeled contrary to Section 15(1)[f] of the National Government Constituencies Development Fund Regulations, 2016, which states that the Project Management Committee shall undertake project closure, labelling and handover upon completion.

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective.

Basis for Conclusion

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal control, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Responsibilities of Management and those Charged with Governance

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Cash Basis) and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal control, risk management and overall governance.

In preparing the financial statements, Management is responsible for assessing the Fund's ability to continue to sustain its services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to abolish the Fund or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the Fund's financial reporting process, reviewing the effectiveness of how Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to overall governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and overall governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in

amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal control may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the applicable basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Fund to cease to continue to sustain its services.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Fund to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

Brief explanations on underutilization: The total receipts from the NG-CDF Board during the financial year 2019/2020 stood at 66% (i.e Ksh 135,194,945) out of the total budget of Ksh 204,636,668) hence affecting the overall performance.

On compensation of employees, 40% of the budget was spent since there were additional funds from the previous year and the constituency had anticipated to employ more staff.

underfunding by the NGCDF Board. As earlier mentioned, by close of the financial year, the constituency had received only 50% of the total On the use of goods and services, Transfers to Other Government Units, Other grants and Transfers, the underutilization is due to the allocation for the year.

XII.SIGNIFICANT ACCOUNTING POLICIES

The principle accounting policies adopted in the preparation of these financial statements are set out below:

1. Statement of Compliance and Basis of Preparation

The financial statements have been prepared in accordance with Cash-basis International Public Sector Accounting Standards (IPSAS) as prescribed by the Public Sector Accounting Standards Board (PSASB) and set out in the accounting policy note below. This cash basis of accounting has been supplemented with accounting for; a) receivables that include imprests and salary advances and b) payables that include deposits and retentions.

The financial statements comply with and conform to the form of presentation prescribed by the PSASB. The accounting policies adopted have been consistently applied to all the years presented.

2. Reporting Entity

The financial statements are for the NGCDF-Chesumei Constituency. The financial statements encompass the reporting entity as specified under section 81 of the PFM Act 2012

3. Reporting Currency

The financial statements are presented in Kenya Shillings (KShs), which is the functional and reporting currency of the Government and all values are rounded to the nearest Kenya Shilling.

4. Significant Accounting Policies

The accounting policies set out in this section have been consistently applied by the Entity for all the years presented.

a) Recognition of Receipts

The Entity recognises all receipts from the various sources when the event occurs and the related cash has actually been received by the Entity.

Tax Receipts

Tax receipts are recognized in the books of accounts when cash is received. Cash is considered as received when notification of tax remittance is received. (Check if this policy is applicable to entity)

Transfers from the Exchequer

Transfers from the exchequer are recognized in the books of accounts when cash is received. Cash is considered as received when payment instruction is issued to the bank and notified to the receiving entity.

SIGNIFICANT ACCOUNTING POLICIES

External Assistance

External assistance is received through grants and loans from multilateral and bilateral development partners.

Grants and loans shall be recognized in the books of accounts when cash is received. Cash is considered as received when a payment advice is received by the recipient entity or by the beneficiary.

In case of grant/loan in kind, such grants are recorded upon receipt of the grant item and upon determination of the value. The date of the transaction is the value date indicated on the payment advice. A similar recognition criteria is applied for loans received in the form of a direct payment.

During the year ended 30th June 2020, there were no instances of non-compliance with terms and conditions which have resulted in cancellation of external assistance loans.

Other receipts

These include Appropriation-in-Aid and relates to receipts such as proceeds from disposal of assets and sale of tender documents. These are recognized in the financial statements the time associated cash is received.

b) Recognition of payments

The Entity recognises all payments when the event occurs and the related cash has actually been paid out by the Entity.

Compensation of Employees

Salaries and wages, allowances, statutory contribution for employees are recognized in the period when the compensation is paid.

Use of Goods and Services

Goods and services are recognized as payments in the period when the goods/services are paid for. Such expenses, if not paid during the period where goods/services are consumed, shall be disclosed as pending bills.

Acquisition of Fixed Assets

The payment on acquisition of property plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as receipt and as a payment.

A fixed asset register is maintained by each public entity and a summary provided for purposes of consolidation. This summary is disclosed as an annexure to the financial statements.

SIGNIFICANT ACCOUNTING POLICIES

5. In-kind contributions

In-kind contributions are donations that are made to the Entity in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the Entity includes such value in the statement of receipts and payments both as receipts and as payments in equal and opposite amounts; otherwise, the contribution is not recorded.

6. Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year.

7. Accounts Receivable

For the purposes of these financial statements, imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year are treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or AIE holders. This is an enhancement to the cash accounting policy. Other accounts receivables are disclosed in the financial statements.

8. Accounts Payable

For the purposes of these financial statements, deposits and retentions held on behalf of third parties have been recognized on an accrual basis (as accounts payables). This is in recognition of the government practice of retaining a portion of contracted services and works pending fulfilment of obligations by the contractor and to hold deposits on behalf of third parties. This is an enhancement to the cash accounting policy adopted by National Government Ministries and Agencies. Other liabilities including pending bills are disclosed in the financial statements.

9. Pending Bills

Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they recorded as 'memorandum' or 'off-balance' items to provide a sense of the overall net cash position of the Entity at the end of the year. When the pending bills are finally settled, such payments are included in the Statement of Receipts and Payments in the year in which the payments are made.

10. Unutilized Fund

Unutilized funds consist of bank balances in the constituency account and funds not yet disbursed by the Board to the constituency at the end of the financial year. These balances are available for use in the subsequent financial year to fund projects approved in the respective prior financial years consistent with sec 6(2) and sec 7(2) of NGCDF Act, 2015.

The original budget was approved by Parliament on June 2019 for the period 1st July 2019 to 30th June 2020 as required by Law and there was one supplementary adjustment to the original budget during the year. Included in the adjustments are the unutilized funds.

14. Errors

If the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and net assets/equity for the earliest prior period presented.

During the year, errors that have been corrected are disclosed under note 14 explaining the nature and amounts.

1.0	Unsupported PMC-Account Balances	The Project Management Committees' (PMCs) account balances as at30th June 2019 are supported by the bank statements. However, going forward we have advised the PMCs to prepare bank reconciliation statements so as to properly support the balances. Our office staff will play a key role in assisting the PMCs who may be having challenges in preparing the bank reconciliation statements.	Harun Chebii- FAM	Not resolved	Dec 2020
2.0	Unsupported Land Ownership	Indeed the NG-CDF committee disbursed Ksh 1,500,000 for the purchase of two parcels of land for two primary schools-i.e Tuigoin Primary (Ksh 800,000) and Tironin Primary (Ksh 700,000). 		The NG-CDF Committee has allocated additional funding to the affected projects and we expect the same to be completed within the current financial year.	. ,
4.0	Budget Analysis	The reported unutilized balances of Ksh 67,911,014 included funds which had not been disbursed to the constituency by the NGCDF board and hence we could not be able to utilize the same. Going forward, the management of Chesumei NG CDF commits itself to utilizing the available funds in the approved programmes so as to benefit the intended users-the residents of Chesumei constituency.
