Emerging issues like political, social, economic, legal and global challenges influence implementation of NG-CDF projects. Other issues include late disbursement of funds, re-allocations and late approval of projects. As at 30th June, 2021, the Board had not disbursed Kes. 49,088,879. This is a challenge in implementation of projects.

IV. CORPORATE SOCIAL RESPONSIBILITY STATEMENT/SUSTAINABILITY REPORTING

Rangwe NG-CDF exists to transform lives. This is our purpose; the driving force behind everything we do. It's what guides us to deliver our strategy, which is founded on social sector, namely, Education & Training, Security Sector Support, Environment, and Sports. This pillar also makes special provisions for Kenyans with various disabilities and previously marginalized communities.

1. Sustainability strategy and profile –

To ensure sustainability of Rangwe NG CDF, the committee funds the following key sectors with the following sustainable priorities.

- a. **Education and Training:** Rangwe NG-CDF focus on human capital for constituency development is entrenched in its strategy to support needy and bright students from each ward of the constituency. The intention is to empower the constituents such that in years to come, the beneficiaries at secondary school levels would have transitioned to Tertiary institutions while those at tertiary level would have transitioned to the job market as employees or employers thereby contributing positively to the economic growth of the constituency. This strategy takes care of both marginalised groups including girls and people living with disabilities.
- b. **Security Sector Support:** Among its key pillars; NGCDF has security as a priority area with intention to provide better working environment for the security providers within the constituency as well a secure constituency. The strategy is to have a long-term collaborative working approach that enhances community engagement in security activities. This is aimed at eliminating crime and vices in the long run by providing a better working environment for the law enforcement agencies while collaborating with community in trust on matters of security.
- c. **Environment:** The Constituency acknowledges that all its operation has an impact on environment. Cognizant of the Sustainable development goals, the NG-CDF has allocated part of its budget on environment conservation through activities such as tree planting, water conservation, sensitization forums for agro-forestry as well as best practices to reduce soil erosion.
- d. **Sports:** The NG-CDF has taken sports as a key pillar of cohesion and integration. To sustain this pillar, the strategy taken is that of developing skills through sports with intention of identifying, nurturing talent and encouraging physical fitness among the constituents.

To attain this level of sustainability, we acknowledge challenges currently arising from the effects of Covid- 19 that have adversely affected the sporting activities and thereby limiting the potential benefits envisaged in using sports as development strategy within the constituency. On macro levels FY 20/21 has been a challenging year with limited funding towards these activities which may hamper the success of priority strategies undertaken.

2. Environmental performance

Conserving the environment is a responsibility yoked on every responsible citizen of this great nation and beyond as life itself notwithstanding our operations solely depends on how we treat it. The NG-CDF Committee Rangwe commits to conserve the environment through;

The statement of receipts and payments reflects other grants and transfers amount of Kshs.92,286,524 as disclosed in Note 5 to the financial statements. The amount includes Kshs.1,000,000 and Kshs.747,354 spent on sports and environment projects respectively. However, supporting documents for the two expenses were not provided for audit.

The amount relates to purchase of vehicles and other transport equipment however, the procurement documents and payment vouchers were not provided for audit.

In the circumstances, the accuracy and completeness of the expenditure could not be confirmed.

3.0 Inaccuracy of Cash and Cash Equivalents Balance

The statement of assets and liabilities reflects cash and cash equivalents balance of Kshs.1,194,287. However, examination of bank reconciliation statement for June, 2021 revealed payments in cash book not yet recorded in bank statement of Kshs.14,144,287 which included stale cheques totalling to Kshs.718,746 relating to the previous year.

Further, the reconciliation statement reflected payments in bank statement not yet recorded in the cash book amounting to Kshs.2,076,205 which included payments of Kshs.342,428 relating to previous years. The Management has not investigated what these payments related to.

In addition, payments in bank not yet recorded in cash book of Kshs.2,076,205 included payments amounting to Kshs.623,458 that were not dated and it was not possible to establish when these payments were made.

In the circumstances, the accuracy and completeness of the cash and cash equivalents balance of Kshs.1,194,287 could not be confirmed.

4.0 Misstatement of Previous Year's Outstanding Disbursements

The summary statement of appropriation reflects previous years' outstanding disbursements receipt amount of Kshs.66,467,724 which differs with corresponding budget utilization difference amount of Kshs.86,586,844 reported in the audited summary statement of appropriation for the previous year, resulting to unreconciled variance of Kshs.20,189,120.

In the circumstances, the accuracy of the assets amount of Kshs.18,538,286 as disclosed in Annex 2 could not be confirmed.

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the National Government Constituencies Development Fund - Rangwe Constituency Management in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. There were no other key audit matters to report in the year under review.

Other Matter

1. Budgetary Control and Performance

The summary statement of appropriation reflects final budgeted receipts of Kshs.243,475,897 and actual receipts of Kshs.192,687,018, resulting to a budget underfunding of Kshs.50,788,879 or 21% of the budget. Similarly, the statement reflects payments of Kshs.189,860,030 against an approved budget of Kshs.243,475,897, resulting to an under-expenditure of Kshs.53,615,867 or 22% of the budget.

The underfunding and under performance affected the planned activities have may impacted negatively on service delivery to the public.

2. Unresolved Prior Year Matters

In the audit report for the previous year, a number of paragraphs were raised under the Report on Financial Statements, Report on Lawfulness and Effectiveness in Use of Public Resources and Report on Effectiveness of Internal Controls, Risk Management and Governance, as detailed in the progress on follow up of auditor's recommendations section of the financial statements. However, Management had

not resolved the issues and no satisfactory reasons were provided for the delay in resolving them.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources section of my report, I confirm that, nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

1. Outstanding Temporary Imprest

The statement of assets and liabilities reflects accounts receivables balance of Kshs.1,896,800 as disclosed in Note 8 to the financial statements. The balance of Kshs.1,896,800 is for six (6) imprests held by one officer. This was contrary to Section 93(8) of the Public Finance Management (National Government) Regulations, 2015, which provides that in order to effectively and efficiently manage and control the issue of temporary imprests, an accounting officer or AIE holder shall ensure that no second imprest is issued to any officer before the first imprest is surrendered or recovered in full from his or her salary.

In the circumstances, Management was breach of the law.

2. Discrepancies in Transfers to Other Government Units

The statement of receipts and payments and as disclosed in Note 4 to the financial statements reflects transfers to other Government units balance of Kshs.75,326,243. However, the following unsatisfactory matters were noted:

The balance includes transfers to primary schools amount of Kshs.37,100,000 which includes Kshs.2,000,000 spent on renovation of four classrooms at Wikoteng Primary School at a contract sum of Kshs.2,146,202. However, the contract agreement provided for audit, dated 10 May, 2021, did not include the name of the school and the contract period. Further, procurement documents, including invitation to tender, bids submitted, signed tender opening minutes, signed evaluation report, professional opinion, letter of notification of award, signed form of tender security, signed performance guarantee and signed bank guarantee for advance payment were not provided for audit.

In addition, the BQ indicated that roofing was to be done with 412 iron sheets gauge 30, pre-painted box profiled iron sheets costing Kshs.556,200; rainwater harvesting gutters were to be fixed to the roof at a cost of Kshs.37,630. However, audit inspection carried out in the month of April, 2022 revealed that only 220 iron sheets costing Kshs.297,000 were used and rainwater harvesting gutters were not fixed. The floor of the four classrooms had developed deep cracks and the wall also had cracks, chippings and faded painting an indication of poor workmanship and poor quality of materials used.

In the circumstance, value for money and propriety of the expenditure of Kshs.2,000,000 could not be confirmed.

However, audit inspection carried out in the month of April, 2022 revealed that 176 iron sheets and 17 ridge covers costing approximately Kshs.224,010 were used for roofing; rainwater harvesting gutters did not exist; floor surfaces of the four classrooms had developed deep cracks and trenches filled with dust; and there were cracks, chippings and faded painting on the wall surfaces. These were indications of poor workmanship and poor quality of materials used.

In the circumstances, value for money and the propriety of the expenditure of Kshs.4,000,000 could not be confirmed.

2.3 Renovation of Classrooms at Nyakwadha Primary School

The transfers to primary schools amount of Kshs.37,100,000 also includes Kshs.2,000,000 spent on renovation of four classrooms to completion: re-roofing, windows and doors fixing, wall plastering and paintings at Nyakwadha Primary School at a contract sum of Kshs.2,001,702.

Further, procurement documents, including invitation to tender, bids submitted, signed tender opening minutes, signed evaluation report, professional opinion, letter of notification of award, signed form of tender security, signed performance guarantee and signed bank guarantee for advance payment were not provided for audit.

Further, although the BQ indicated that roofing was to be done with 420 iron sheets fixed with roofing nail, 34 galvanized iron ridge and valley covers and 1 set of extra over roof covering for rubber caps on all nails at a total cost of Kshs.605,800, audit inspection of the project in the month of April, 2022 revealed that the roofing was done with 142 iron sheets, 12 galvanized iron ridges and valley covers and normal headed nails at an approximate total cost Kshs.200,100. Further, although the BQ indicates that Kshs.58,500 was to be spent on 13 roofing column supports, audit inspection found no roofing column supports in place. In addition, the inspection revealed that

deep cracks and trenches, filled with dust had developed on the surfaces of the floors of the four classrooms and there were chippings and faded painting on the wall surfaces, an indication of poor workmanship and poor quality of materials used.

In the circumstances, value for money and propriety of the expenditure of Kshs.2,000,000 could not be confirmed.

However, audit inspection carried out in the month of April, 2022 revealed that 308 iron sheets and 29 wide ridge covers with total approximate cost of Kshs.468,350 were used, rainwater harvesting gutters were not fixed and the surfaces of the verandas and floors inside the classrooms had worn out.

In the circumstances, value of money and the propriety of the expenditure of Kshs.3,000,000 could not be confirmed.

3. Inconsistencies in Other Grants and Transfers

3.1 Bursary Applications

The statement of receipts and payments reflects other grants and transfers amount of Kshs.92,256,524 as disclosed in Note 5 to the financial statements, which includes an amount of Kshs.25,709,170 spent on bursaries. However, information provided indicates that no official advertisement or notice was issued to the public to inform them on where and when the bursary applications were to be done, contrary to the provisions of Regulation 11(1) (a) of the National Government Constituencies Development Fund Regulations, 2016, which requires a Constituency Committee to sensitize the community on the operations of the Fund. Further, Management never maintained a bursary register of all applicants during the year under review.

In the circumstances, Management was in breach of the law.

3.2 Construction of Rangwe Sub County Headquarters

The other grants and transfers amount of Kshs.92,256,524 includes expenditure on security projects of Kshs.56,700,000 out of which, an amount of Kshs.50,000,000 was spent on construction of Rangwe Sub-County headquarters at a contract sum of Kshs.60,961,670 for a period of eighteen (18) months ending on 22 April, 2022. After construction had begun, the contractor requested for variation of the building structure dated 10 June, 2021, but the request was not responded to. This necessitated demolition of part of the building that had been put up. However, approval from the project manager of the line Ministry for the variation was not provided for audit.

Audit inspection carried out on 7 April, 2022 revealed that the superstructure had only the pillars and beams done with no possibility of completion within the contract period ending on 22 April, 2022.

In the circumstances, the value for money of the expenditure of Kshs.50,000,000 could not be confirmed.

4. Lack of a Procurement Plan

The Management did not provide an approved procurement plan and work plan for audit, contrary to the requirements of Regulation 25(1 & 2) of the National Government Constituencies Development Fund Regulations, 2016 which requires the officer of the Board seconded to the constituency to prepare a detailed budget, procurement plan and work plan for the year and within the first quarter of the new financial year present them to the committee for approval.

In the circumstances, Management was in breach of the law.

5. Failure to Insure Fixed and Movable Assets

Information provided indicates that the Fund had not been insuring fixed and movable assets costing Kshs.18,538,286, reflected in Annex 2 to the financial statements. This is contrary to Section 36(3) of the National Government Constituencies Development Fund Act, 2015, which stipulates that all fixed and movable assets, including equipment bought under this Act for use by the Constituency Committee shall be the property of the Board and shall be insured in the name of the Board.

In the circumstances, Management was in breach of the law.

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, I confirm that nothing has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective.

Basis for Conclusion

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal control, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Responsibilities of Management and those Charged with Governance

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Cash Basis) and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal control, risk management and governance.

In preparing the financial statements, Management is responsible for assessing the Fund's ability to sustain its services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless the Management is aware of the intention to terminate the Fund or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the Fund's financial reporting process, reviewing the effectiveness of how the Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them, and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal control may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the Fund's policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the applicable basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Fund to cease to sustain its services.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Fund to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

XII.SIGNIFICANT ACCOUNTING POLICIES

The principle accounting policies adopted in the preparation of these financial statements are set out below:

1. Statement of Ccompliance and Basis of Preparation

The financial statements have been prepared in accordance with Cash-basis International Public Sector Accounting Standards (IPSAS) as prescribed by the Public Sector Accounting Standards Board (PSASB) and set out in the accounting policy note below. This cash basis of accounting has been supplemented with accounting for; a) receivables that include imprests and salary advances and b) payables that include deposits (gratuity and retentions).

The financial statements comply with and conform to the form of presentation prescribed by the PSASB. The accounting policies adopted have been consistently applied to all the years presented.

2. Reporting Entity

The financial statements are for the NGCDF-Rangwe Constituency. The financial statements encompass the reporting entity as specified under section 81 of the PFM Act 2012

3. Reporting Currency

The financial statements are presented in Kenya Shillings (Kshs), which is the functional and reporting currency of the Government and all values are rounded to the nearest Kenya Shilling.

4. Significant Accounting Policies

The accounting policies set out in this section have been consistently applied by the entity for all the years presented.

a) Recognition of Receipts

The entity recognises all receipts from the various sources when the event occurs, and the related cash has actually been received by the Entity.

Transfers from the National Government Constituency Development Fund (NG-CDF)

Transfers from the NG-CDF to the constituency are recognized when cash is received in the Constituency account.

Proceeds from Sale of Assets

Proceeds from disposal of assets are recognized as and when cash is received in the constituency account.

Other receipts

These include Appropriation-in-Aid and relates to receipts such as proceeds from sale of tender documents, rent receipts, interest earned on bank balances, hpire of Plant/Equipment/Facilities, Unutilized funds from PMCs among others.

Unutilized Funds from PMCs.

All unutilized funds of the Project Management Committee (PMC) are returned to the constituency account. Unutilized funds from PMCs are recognised as other receipts upon return to the constituency account.

External Assistance

External assistance refers to grants and loans received from local, multilateral and bilateral development partners. In the year under review there was no external assistance received.

b) Recognition of payments

The Entity recognises all payments when the event occurs and the related cash has actually been paid out by the entity.

Compensation of Employees

Salaries and wages, allowances, statutory contribution for employees are recognized in the period when the compensation is paid.

Use of Goods and Services

Goods and services are recognized as payments in the period when the goods/services are paid for. Such expenses, if not paid during the period where goods/services are consumed, shall be disclosed as pending bills.

Acquisition of Fixed Assets

The payment on acquisition of property plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as receipt and as a payment.

A fixed asset register is maintained by each constituency and a summary provided for purposes of consolidation. This summary is disclosed as an annexure to the financial statements.

5. In-kind contributions

In-kind contributions are donations that are made to the constituency in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the constituency includes such value in the statement of receipts and payments both as receipts and as payments in equal and opposite amounts; otherwise, the contribution is not recorded.

6. Cash and Cash Equivalents.

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at various commercial banks at the end of the financial year.

7. Accounts Receivable

For the purposes of these financial statements, imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year

Rangwe Constituency

are treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or AIE holders. This is an enhancement to the cash accounting policy. Other accounts receivables are disclosed in the financial statements.

8. Accounts Payable

For the purposes of these financial statements, Deposits (gratuity and retentions) held on behalf of third parties have been recognized on an accrual basis (as accounts payables). This is in recognition of the government practice of retaining a portion of contracted services and works pending fulfilment of obligations by the contractor and to hold deposits on behalf of third parties. Gratuity earned on monthly is held on behalf of the employee and later paid at the end of the contract period. This is an enhancement to the cash accounting policy adopted by National Government Constituencies Development Fund as prescribed by PSASB. Other liabilities including pending bills are disclosed in the financial statements.

9. Pending Bills

Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they are recorded as 'memorandum' or 'off-balance' items to provide a sense of the overall net cash position of the entity at the end of the financial year. When the pending bills are finally settled, such payments are included in the Statement of Receipts and Payments in the year in which the payments are made.

10. Unutilized Fund

Unutilized funds consist of bank balances in the constituency account and funds not yet disbursed by the Board to the constituency at the end of the financial year. These balances are available for use in the subsequent financial year to fund projects approved in the respective prior financial years consistent with sec 6(2) and sec 7(2) of NGCDF Act, 2015

11. Budget

The budget is developed on a comparable accounting basis (cash basis except for imprest which is accounted for on an accrual basis), the same accounts classification basis, and for the same period as the financial statements. The original budget was approved by Parliament on 30th June 2020 for the period 1st July 2020 to 30th June 2021 as required by law. Included in the adjustments are Cash book opening balance, AIA generated during the year and constituency allocations not yet disbursed at the beginning of the financial year.

A comparison of the actual performance against the comparable budget for the financial year under review has been included in the financial statements.

12. Comparative Figures

Where necessary, comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

13. Subsequent Events

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended 30th June 2021.

14. Errors

Material prior period errors are corrected retrospectively in the first set of financial statements authorized for issue after their discovery by: i. restating the comparative amounts for prior period(s) presented in which the error occurred; or ii. If the error occurred before the earliest prior

period presented, restating the opening balances of assets, liabilities and net assets/equity for the earliest prior period presented.
