

PETITION

Paper laid to the
Table of the House
on 25/07/2013

BY THE RESIDENTS OF MALINDI CONSTITUENCY ON THE
TARMACKING OF MALINDI – SALAGATE ROAD (C103)

WE, THE UNDERSIGNED are citizens of Kenya who are residents of Malindi Constituency.

DRAW the attention of the House to the following:

That: one of the key pillars to achieving of Vision 2030 is Wildlife and Tourism and that has been earmarked as a key player in economic development of Kenya.

Aware that key roads to tourist sites are critical for tourism and Wildlife development and need to be prioritized for tarmacking;

That the Malindi –Langobaya – Chakama –Salagate road (C103) is a key road that is convenient for tourists from hotels in major resort towns in North Coast to access Tsavo East National Park;

That this road (C103) is part of a regional highway linking Malindi – Voi – Bachuma - Taita Taveta into Tanzania and finally Burundi and thus holding the potential of boosting regional trade and integration across East African states;

That the road serves many resort centers including Malindi town, Watamu, Mamburi and Kilifi towns and that cumulatively, the centers receive about 500,000 tourists a year and these tourists prefer to visit Tsavo East National Park during the day and return to their hotels in the evening;

That Agriculture is another key component that is key to the achievement of Vision 2030 and that the Malindi –Langobaya – Chakama –Salagate road (C103) passes through rich agricultural lands on the banks of River Galana/Sabaki and it is instructive that the same road that links Kulalu Ranch which has been earmarked by the Ministry of Agriculture for a massive irrigation project as part of the 1 million acre irrigation drive to promote food security in the country, fight endemic poverty and boost the economic wellbeing of the people living in the area and the nation at large

That while the Malindi Airport has been improved to facilitate air travel by tourists to this tourist region, the major road (C103) leading to Tsavo East National Park has not been tarmacked to facilitate easy and safe movement into and out of the park.

That tourists accessing the Tsavo East National Park spend almost 3-4 hours on the bumpy, muddy earth road, with their vehicles often getting stuck in muddy, on slippery sections of the road in a journey that ideally should take 1 hour, leading to bad reviews in our tourism product and loss of tourists to other competing markets

That while the road is in a poor state it is important to note that currently the tourists visiting the towns mentioned have contributed about **immensely** to the National revenue. This contribution can only be sustained and increased as per the Vision 2030 projections if the road (C103) is tarmacked as a matter of priority.

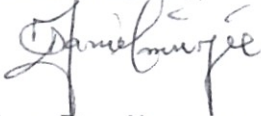

That tarmacking this road and providing a faster route to the park will greatly boost tourism numbers and immensely contribute towards the Jubilee Government's target of 3 million tourist arrivals per year into our great country.

THEREFORE your humble petitioners **PRAY** that;

The Government through the Kenya National Highways Authority (KeNHA) to upgrade the road (C103) to bitumen standards as a matter of priority.

And your **PETITIONERS** will ever pray.

PRESENTED BY,

Hon. Dan Kazungu, MP
MALINDI CONSTITUENCY
22ND JULY, 2013
