INTRODUCTION

1. On Tuesday, 1st December, 2009, the Member for Mutito (Kiema Kilonzo) asked the Minister for Medical Services the following Question by Private Notice.
 - (a) *How was the current Director, Kenya Medical Training College (KMTC) selected and could he provide the list of the shortlisted candidates and explain how the final selection was done?*
 - (b) *Could the Minister explain why the former Director's contract was not renewed despite recommendation by the Board?*
 - (c) *Could the Minister provide the report of the human resource firm contracted by the Board to interview the shortlisted candidates?*
2. The House was not satisfied with the Minister's response, especially to supplementary questions. In this regard, the Speaker directed as follows:-

“Hon. Members! In light of the interest that this matter has attracted, I direct that the Committee on Equal Opportunity, Committee on Delegated Legislation and Committee on Health jointly commence investigations into this matter and file a report within the next four week.”

3. Pursuant to the directive, the Departmental Committee on Health, jointly with the Committees on Delegated Legislation and Equal Opportunity held meetings to examine the matter.

Meetings of the Committee

4. The Joint Committee held a total of four meetings, the first one being on February 18, 2010, wherein the Committee noted that, prior to the direction, the Committee on Delegated Legislation had initiated the process of examining the legality of the appointment. The Joint Committee also observed that the issue before them was that of “delegated power” as opposed to delegated legislation. At the Meeting, the Committee identified the following as issues to ask the Minister for Medical Services-

- (i) Explain the process followed in appointing the current director of KMTC;
- (ii) How do you compare the process to the one followed in appointing previous directors of the college?
- (iii) Who prompted the appointment and subsequent advertisement for the post of the KMTC director?
- (iv) Did you receive the four names (4) of the shortlisted candidates from the Board?
- (v) Are you aware of the fact that the individual you appointed as the KMTC Director did not apply for that job and was never interviewed?
- (vi) What methodology did you use to select his name?
- (vii) Are you conversant with the provisions of the KMTC Act relating to the appointment of the KMTC Director?
- (viii) Which provision of the KMTC Act confers discretion upon the Minister to disregard the advice of the Board?
- (ix) Are you aware that, by acting contrary to the law in appointing the Director, you offended the Public Officers Ethics Act, 2003?

5. Thereafter, the Joint Committee held a meeting with the Minister on February 19, 2010. The Committee also met on March 25th and April 6, 2010 wherein they analysed the evidence of the Minister, additional information and compiled this report. The Report was unanimously adopted at the Joint Committee's meeting of April 7, 2010, attended by a majority of the Members.

EVIDENCE AND ADDITIONAL INFORMATION

Evidence by the Minister for Medical Services

6. Appearing before the Joint Committee on February 19, 2010, the Minister for Medical Services informed the Members as follows:-
- (a) That, the KMTC Act states that " There shall be a Principal of the College who shall be appointed by the Minister on the advice of the Board of Management";

- (b) That, pursuant thereto, he consulted the Board which thereafter hired a human resource firm;
- (c) That, the HR firm placed an advertisement in the local dailies and shortlisted the applicants;
- (d) That, the Board submitted to him four (4) names (Dr. Jebich Maswani, Dr. Mildred Mudany, Dr. Maurice Simiyu and Dr. Timothy King'onde) to appoint a Director from amongst them;
- (e) That, he decided not to appoint the Director from the four names submitted to him due to the "incompetence" of KMTTC Board of Management. He alluded that, while the recruitment process was going on, he had requested the Efficiency Monitoring Unit (EMU) to investigate the state of affairs and management of the College. The report submitted implicated three (3) of the four individuals submitted him;
- (f) That, having read the report by EMU, he was of the view that the Board's integrity and ability to competently undertake the recruitment exercise was questionable. Consequently, even their ability to objectively advise the Minister on the recruitment was doubtful. He therefore disregarded the list as submitted;
- (g) That, with respect to Dr. Maurice Simiyu, who was ranked third, he decided not to appoint him as he had just been deployed on a special and equally important task at the Coast Province;
- (h) That, time was running out and the College needed leadership. For proper management, it was not prudent to have the acting director continue holding

the position for a longer period. Further, the then acting director was also adversely mentioned by the EMU in their Report.

- (i) That, he thereafter requested for the full list and C.V's of all the applicants to the position and appointed Dr. Olang'o Onundi as the KMTC Director. He considered him most qualified on account of his prior exemplary record at the Ministry of Health;
- (j) That, the decision to appoint Dr. Onundi was made in the best interest of the College and the Country;
- (k) That, after the appointment Dr. Onundi invited the Minister to a party in his rural home, during the Christmas festive season. The Minister honored the invitation by attending the party;
- (l) That, Dr. Onundi hails from his constituency.

7. On Criteria the followed to appoint the Director, the Minister informed the Joint Committee that, having examined the criteria used by the Board and the Consultancy firm to arrive at the four names, it was clear to him, that **none** of the persons nominated by the Board could have scored better than Dr. Onundi. Moreover, Dr. Onundi had held various positions in the Ministry of Health and he had served all over the Republic thus he was the most suitable candidate.
8. Asked on what legal basis the Minister disregard the advice of the Board, the Minister informed the Members that, in his view, the word "advice" as used in the KMTC Act is a broad with different connotation of "inform, offer consultation or counsel". Once the Board submits names to him, he has the discretion to disregard their advice;

9. He further informed the Committee that he found the Board's advise to be misleading. Asked why he could not submit the process to the Board for reconsideration, he clarified that he was of the opinion that the Board was incompetent to handle the matter.
10. Asked whether he may have contravened the provisions of the Public Officers Ethics Act by acting contrary to the law, the Minister asserted that his actions were within the law and given similar circumstances, he would handle the matter in the same manner.
11. The Minister was not clear whether he sought legal advice on the "discretionary appointment" from the officers or the state law office.

Report of the Consultant (M/s. Hawkins Associates, Ltd)

12. The Committee examined the report of M/s Hawkins Associates Ltd, the human resource consultancy firm contracted by the KMTC Board of Management to carry out the exercise. The consultant was given the following terms of reference-
 - (i) To develop an appropriate advertisement for the position and place it in the press.
 - (ii) To receive and evaluate all the applications against the job and person specification.
 - (iii) To interview qualifying candidates.
 - (iv) To shortlist the ten most suitable candidates.
 - (v) To forward to KMTC Board, a report on the assignment including profiles and scores of the candidates shortlisted.
13. According to the report dated 25th May, 2009, the advertisement appeared in *The Standard* newspaper on 24th April, 2009 and in *The Daily Nation* on 27th April, 2009. A total of forty three (43) applications were received by the closing date of 11th May, 2009.
14. Upon evaluating each of the application against the job and person specification, a total of eighteen (18) applicants were found to have attained the minimum requirement for the position and were therefore shortlisted for a first in-depth interview with the Consultant. Of the 18 qualifying applicants, 16 of them attended the interviews held at

the Consultant's office between Thursday 14th and Saturday 23rd May 2009. One candidate was out of the country and another was not interviewed since he had previously been interviewed by the Consultant, albeit for a different position.

15. Subsequent to the interview of the 16 candidates by the Consultant, the candidates were ranked in order of their score and a shortlist of the following top ten candidates was arrived at-

Name of Candidate	Ranking
James Aggrey Oloo	1
Timothy M. Kingondu	2
John Martin Okoth	3
Robert K. Ayisi	4
Jebichi F. Maswan	5
Maurice P. Siminyu	6
Maryanne Ndonga	7
Joshua O Lusi	8
Milred A. Mudany	9
Waqo D. Ejersa	10

16. The names together with brief notes on each of them were forwarded for the final interview by the Board of Management of the KMTC.
17. Upon receipt of the names of the ten candidates, the Board in consultation with the Consultant prepared a list of proposed interview questions and a proposed interview scoring form which were to be used by the interview panel during the interview process.
18. The interviews were held in the Board Room of the KMTC on Tuesday, 9th and Wednesday 10th June 2009 and based on the scores obtained by each candidate, the interview panel ranked the candidates as follows-

1. Dr. Jebich Maswani	-	75 per cent
2. Dr. Mildred Mudany	-	72 per cent
3. Dr. Maurice Simiyu	-	71 per cent
4. Dr. Timothy King'onde	-	70 per cent
5. Dr. John Okoth	-	66 per cent
6. Dr. Waqo Ejersa	-	66 per cent
7. Dr. Joshua Lusi	-	64 per cent
8. Dr. Robert Ayisi	-	64 per cent
9. Dr. Maryanne Ndonga	-	64 per cent
10. Dr. James Oloo	-	60 per cent

19. Thereafter, the interview panel resolved that the four highest ranked candidates in order of preference were: **1. Dr. Jebichi F. Maswan; 2. Dr. Mildren A. Mudany; 3. Dr. Maurice P. Simiyu; and 4. Dr. Timothy M. King'onde.** It was further resolved that the Chairman of the Board should forward the names of these four candidates to the Appointing Authority for appointment.

Why the Minister disregarded the advice of the Board

20. During his appearance before the joint Committee, the Minister for Medical Services explained that he disregarded the advice of the Board to appoint any one of the listed persons as the Director of KMTC for the following reasons-

- (a) That, while the recruitment process was ongoing, the Minister had requested the Efficiency Monitoring Unit (EMU) to investigate the state of affairs and management of the College. **The report submitted implicated three (3) of the four persons proposed** by the Board for appointment;
- (b) That, the **Members of the then KMTC Board of Management were adversely mentioned in the EMU Report.** As such, even their advise on the appointment exercise was unreliable. According to the Minister, the Board's integrity and competence was questionable;

(c) That, in his view and considering reasons (a) and (b) enumerated above, the credibility of Consultancy firm, Ms. Hawkins Associates Ltd was doubtful;

(d) That, having discredited the ability of the Board to advise him, and considering that **time was of essence**, he asked for the C.Vs of all the applicants and arrived at the name of Dr. Olang'o Onundi as the most suitable candidate;

(e) That, in the Ministers opinion, had the recruitment been fair and aboveboard, Dr. Olang'o Onundi should have scored better than any of the ten (10) individuals who were shortlisted and later interviewed by the Board.

Report by the Efficiency Monitoring Unit

21. According to a Report dated January 2010 prepared by the Efficiency Monitoring Unit (EMU) on system audit and investigation into allegations of corruption at the KMTC, the report adversely mentioned the senior officers of the College and recommended disciplinary action against the members of the Management Committee.
22. Of the officers adversely mentioned in the *EMU Report* only Dr. T. King'onde was a Board member. Dr. T. King'onde, the then KMTC Director was ranked **fourth** amongst the four names submitted to the Minister for selection, notwithstanding the fact that at the time of recruitment, he had already ceased to be a Board member. None of the other nine (9) candidates in the final shortlist were adversely mentioned in the *EMU Report*.

Procedure for Appointment under the Kenya Medical Training College Act

23. The procedure for appointment of the Principal of the Kenya Medical Training College is set out in section 8(1) of the Kenya Medical Training College Act which provides that:-
 - 8.(1) *There shall be a Principal of the College who shall be appointed by the Minister on the Advice of the Board of Management.*

Does the Act confer discretion upon the Minister in the appointment process?

24. It is apparent from a plain reading of the above provision that the appointment of the Principal of the KMTC is vested upon two entities, *viz.*
- i. The Board of Management of KMTC established under Section 9 of the KMTC Act and,
 - ii. The Minister.
25. The Act does not confer exclusive appointing power on any of the above entities, but it rather shares the same between the Board of Management and the Minister of Medical Services. Nonetheless, the Act is very specific that the Minister can only appoint the Principal on the advice of the Board. It is therefore explicit that the role of the Board is limited only to selecting a suitable candidate(s) and advising the Minister on the same. The Minister is therefore vested with the ultimate appointing authority **albeit** on the advice of the Board.
26. From the foregoing, it is very clear that the KMTC Act envisage the sharing of the appointing responsibility between the **Board of Management and the Minister**. The appointing process is therefore a participatory and consultative process and all the functionaries must act collectively to reach an agreed decision.
27. However, it should be noted that the KMTC Act, although enacting the legal procedure for the appointment of the Principal, is silent on the specific procedure to be followed by the Board of Management prior to rendering its advice to the Minister. Invariably, it would follow that the Board would employ a transparent and open process. Nonetheless, it is **implicit** that it is the Board's mandate to forward the name(s) of the shortlisted candidate(s) to the Minister for the final appointment. The Act therefore envisages that both entities should work hand in hand in the appointing process.

The use of the word "shall" in statutes.

28. In its analysis, the Joint Committee held that, it is a canon rule in construction of statutes that the use of the word "*shall*" when used in a statute raises a presumption that a

particular provision is imperative¹. Similarly, when a statute requires that something shall be done, or done in a particular manner or form, without expressly declaring what shall be the consequence of non-compliance, such a requirement is regarded as **mandatory**². Further, in statutes conferring a power to be exercised on certain condition, the conditions prescribed are normally held to be mandatory and a power inconsistent with those conditions is impliedly negated³.

29. Even the leading English treatise on interpretation of statutes **CRAIES: Statute Law, 6th Edition** pp.264 has put it thus-

“An affirmative statute prescribing the conditions for exercise of power conferred by it, is construed as mandatory and if an affirmative statute which is introductive of a new law directs a thing to be done in a certain way, that thing shall not, even if there be no negative words, be done in any other way”

30. Similarly, section 51(2) of the Interpretation and General Provisions Act Cap 2 provides as follows-

51 (2) “Where the power or duty of a person under this section is exercisable upon the recommendation , or is subject to the approval or consent of another person, then the power shall, unless a contrary intention appears be exercisable only upon that recommendation or subject to that approval or consent.”

COMMITTEE OBSERVATIONS

31. In its observations, the Committee sought to answer the following questions-
- (i) Does the law confer the Minister with the discretion to disregard the Board’s advice?
 - (ii) Was the Ministers action to disregard the advice of the Board justified?
 - (iii) Was the correct procedure complied with in the present appointment?

¹ See Maxwell on The Interpretation of Statutes 12th Ed pp.315-317 and Principles of Statutory Interpretation by J.P Singh 7th Ed pp.298.

² Ibid

³ Principles of Statutory Interpretation by J.P Singh 7th Ed pp.308.

32. In answer to the first question, the role of the Board in the appointment process came to an end upon presenting the names of the four (4) shortlisted candidates to the Minister and what was left was for the Minister as the appointing authority to conclude the process by **selecting** one name from the submitted list and appointing him/her as the Principal of KMTTC. Indeed, this process is not new as it also applies in the appointment of chief executives/Directors of other State Corporations such as the Kenya Roads Board and Capital Markets Authority. **Had the Legislature wished the Minister to be the sole appointing authority, then the Act should have stated so as it is in the case of other statutes.**
33. There is no doubt that the Minister is the appointing authority, but the law demands of the Minister to seek the advice of the Board before making the appointment. Section 8(1) of the KMTTC Act does not confer any discretion on the Minister to disregard the advice of the Board. Section 8(1) of the KMTTC Act is couched in an imperative form in that it uses the word “*shall be*” before the word “appointed” therefore making it mandatory upon the Minister to seek the advice of the Board in the appointment of the Principal.

Was the Minister’s action to disregard the advice of the Board justified?

34. Having scrutinized the report prepared by the Efficiency Management Unit, (titled *Report of Efficiency Monitoring Unit on System Audit and Investigation into Allegations of Corruption at the KMTTC, January 2010*) the Joint Committee found out that-
- (i) the report adversely mentioned only one (1) member of the KMTTC Board of Management, Dr. Timothy King’ondur, the then KMTTC Director who ranked fourth on the list submitted to the Minister for selection. Further, at the time of recruitment, he had ceased to be a Board Member;
 - (ii) the composition of the Board of Management of the KMTTC as provided in Section 9 of the KMTTC Act (cap 261) comprises of a chairman, vice-chairman and an honorary treasurer, all appointed by the President; the Director of Medical Services; the Principal; the Permanent Secretaries in the

Ministries responsible for Health, Finance and Education; the Chief nursing Officer; the Director of Personnel Management; the Director, Kenyatta National Hospital; the Principal, College of Health Sciences of the University of Nairobi, the Director, KEMRI; two representatives of the constituent centers appointed by the Minister and not more than three persons co-opted by the Board of Management from time to time, not being public officers or employees of the College to represent the public interest.

- (iii) None of the other nine (9) candidates who were in the final shortlist was adversely mentioned in the EMU report. Most of the individuals implicated in the *EMU Report* were senior officers (staff) at the College and not members of the Board of Management;
- (iv) Given that the said *EMU Report* is dated January 2010 while the exercise was concluded by August, 2009, could the assertion by the Minister that he relied on the said Report to discredit the Board and the candidates hold water?

35. According to the procedure laid down in Section 8(1) of the KMTC Act, the Board of Management executed its mandate in the appointment process rightly in that it:-

- (i) initiated the process of recruiting a director for the College;
- (ii) contracted a credible human resource consulting firm to lead the search for the Principal of KMTC;
- (iii) interviewed 10 candidates shortlisted for the final interview by the human resource consultant;
- (iv) forwarded the names of the top four scoring candidates to the Minister for appointment as provided under the Act.

36. The role of the Board of Management in the appointment process came to an end upon presenting the names of the four (4) shortlisted candidates to the Minister and what was left was for the Minister as the appointing authority to conclude the process by **selecting** one name from the submitted list and appointing him/her as the Principal of KMTC;
37. The Committee also noted that an amount of Ksh. 1,878,926.00, made up of Ksh. 662,988 being board allowances and Ksh. 1,215,935 as the consultancy fees, was spent on the exercise.
38. The Minister used the *EMU Report* to unjustly discredit the credibility of the Board and the Consultancy firm before the Committee and the House.

CONCLUSION

39. The Joint Committee finds that:
- (i) by disregarding the advice of the KMTC Board of Management, the Minister for Medical Services did not follow the laid down procedure as enacted under Section 8(1) of the KMTC Act;
 - (ii) the appointment of the Director of KMTC as made by the Minister of Medical Services contravened Section 8(1) of the Kenya Medical College Act;
 - (iii) the appointment was contrary to the spirit of the National Cohesion and Reconciliation Act in that it was not fair and it failed to accord equal opportunity to all qualified persons to be considered;
 - (iv) by failing to follow due process, the expenditure on the recruitment exercise totaling Ksh. 1,878,926.00 (made up of 662,988 being board allowances and Ksh. 1,215,935 as the consultancy fees) was an avoidable expenditure of public funds; and

(v) the Minister failed to demonstrate that the KMTC Board of Management (save for Dr. King'ondeu) and the Consultancy firm, M/s. Hawkins Associates Ltd was corrupt, inefficient and incompetent, as alluded in his response in the House and before the Committee.

Registration of dissenting view- (Hon. Olago Aluoch, M.P)

40. During a meeting held by the Joint Committee on March 24, 2010, the Hon. Olago Alouch, MP recorded dissenting view on the assertion that the Minister contravened the law in appointing the director. The Member was of the view that the use of the word “*shall*” in Section 8 of the KMTC Act does not confer a mandatory obligation on the Minister, and therefore the Minister can exercise his discretion.

RECOMMENDATIONS

41. The Committee recommends that-

- (i) the House expresses displeasure and reprimands the Minister for Medical Services for misleading the House and the Joint Committee on the role of KMTC Board of Management and the Consultancy firm, M/s. Hawkins Associates Ltd in the recruitment process and resolves that the process of appointment of the Director of KMTC as followed by the Minister was an irregularity; and,
- (ii) the House directs the Minister for Medical Services to follow the due process of the law and regularize the appointment of the Director of KMTC within sixty (60) days.

MIN.NO.04/2010 PRELIMINARY

The Co- Chairperson called the meeting to order at 1100 a.m. and welcomed the Minister for Medical Services. He explained the basis of the meeting and the proposed procedure for the enquiry.

MIN.NO.05/2009 EVIDENCE OF THE MINISTER FOR MEDICAL SERVICES

The Minister for Medical Services Hon. Anyang Nyong'o, M.P, appeared before the Committee accompanied by the following:

- (i) Dr. Wycliffe N. Mogo - Deputy Director of Medical Services
- (ii) Alfred N. Mogere - Senior Deputy Secretary, Ministry of Medical
- (iii) Mr. Joe Donde - Vice Chair, KMTC Board of Management

On the questions posed by the Committee, the Minister responded as follows-

i) Process followed in the Appointment of the KMTTC Director

- (a) That, the KMTTC Act states that “ There shall be a Principal of the College who shall be appointed by the Minister on the advice of the Board of Management”;
- (b) That, Pursuance thereto, the he consulted the Board which thereafter hired a Human Resource (HR) Firm;
- (c) That, the HR firm placed an advertisement in the local dailies and shortlisted the applicants;
- (d) That, the Board submitted to the Minister four (4) names (Dr. Jebich Maswani, Dr. Mildred Mudany, Dr. Maurice Simiyu and Dr. Timothy King’onde) to appoint a Director from amongst them;
- (e) That he decided not to appoint the Director from the four names submitted to him due to the “incompetence” of KMTTC Board of Management. He alluded that, while the recruitment process was going on, the he had requested the Efficiency Monitoring Unit (EMU) to investigate the state of affairs and management of the College. The report submitted implicated three (3) of the four individuals submitted him;
- (f) That, having read the report by EMU, he was of the view that the Board’s integrity and ability to competently undertake the recruitment exercise was questionable. Consequently, even their ability to objectively advice the Minister on the recruitment was doubtful. He therefore disregarded the list as submitted;

- (g) That, with respect to Dr. Maurice Simiyu, who was ranked third on the Minister decided not to appoint him since he had just been deployed on a special and equally important task at the Coast Province;
- (h) That time was running out and the College needed leadership. For proper management, it was not prudent to have the acting director continue holding the position for a longer period. Further, the then acting director was also adversely mentioned by the EMU in their Report.
- (i) That, the Minister thereafter requested for the full list and C.V's of all the applicants to the position and appointed Dr. Olang'o Onundi as the KMTC Director. He considered him most qualified on account of his prior exemplary record at the Ministry of Health;
- (j) That, the decision to appoint Dr. Onundi was made in the best interest of the College and the Country;

ii) What Criteria did the Minister apply in appointing the Director

The Minister informed the Joint Committee that, having examined the criteria used by the Board and the Consultancy firm to arrive at the four names, it was clear to him, that none of the persons nominated by the Board was better than Dr. Onundi. Moreover, Dr. Onundi had held various positions in the Ministry of Health and he had served all over the Republic thus he was the most suitable candidate.

iii) On what legal basis did the Minister disregard the advice of the Board.

The Minister informed the Members that, in his view, the word "advice" as used in the KMTC Act is a broad with different connotation of "inform, offer consultation or counsel". Once the Board submits names to him, he has the discretion to disregard the advice of the Board;

He further informed the Committee that he found the Board's advise to be misleading. Asked why he could not submit the process to the Board for reconsideration, he clarified that he was of the opinion that the Board was incompetent to handle the matter.

Asked whether he may have contravened the provisions of the Public Officers Ethics Act by acting contrary to the law, the Minister asserted his actions were within the Law and given similar circumstances, he would handle the matter in the same manner.

The Minister was not clear whether he sought legal advice on the "discretionary appointment" from the officers or the state law office.

MIN.NO.06/2010 **JOINT COMMITTEE DELIBERATIONS**

The Joint Committee deliberated on the Ministers response and resolved to examine the following additional information in their next meeting of Tuesday, March 16, 2010-

MIN.NO.08/2010 PRELIMINARY

The Co- Chairperson called the meeting to order at 1100 a.m. followed by a word of prayer.

MIN.NO.09/2010 CONFIRMATION OF THE MINUTES PREVIOUS SITTINGS

The Minutes of first sitting of the Joint Committee was confirmed as true record of the deliberation of the sitting and signed by the co-chairpersons. The proposal to confirm the Minutes was made by Hon. Ganya Chachu and seconded by Hon. Dr. Boni Khalwale.

The Minutes of Second sitting of the Joint Committee was confirmed as true record of the deliberation of the sitting and signed by the co-chairpersons. The proposal to confirm the Minutes was made by Hon. (Dr.) Julius Kones and seconded by Hon. Ababu Namwamba.

The Joint Committee deliberated and the following documents as was submitted by the Secretariat;

- a) Systems Audit Report of Efficiency Monitoring Unit on KMTC, dated January 2010;
- b) Report by M/s. Hawkins Associate on the recruitment exercise.
- c) Advertisement by the consultant.
- d) Account of expenditure on the recruitment exercise

After going through the documents, the Committee noted that-

- (i) In the report of Efficiency Monitoring Unit, **only one** Member of the KMTC Board of Management was adversely mentioned. Dr. Timothy King'onde, the then KMTC Director ranked fourth on the list submitted to the Minister for selection. Further, at the time of recruitment, Dr. King'onde had ceased to be a Board Member;
- (ii) **None** of the other nine (9) candidates who were in the final shortlist was adversely mentioned in the EMU report. Most of the individuals implicated in the *EMU Report* were senior officers (staff) at the college and not members of the Board of Management;
- (iii) Given that the said *EMU Report* was dated January 2010 while the exercise was concluded by August, 2009, the Committee questioned how the Minister could have relied on it to discredit the Board;
- (iv) The expenditure of the recruitment exercise totaled Ksh. 1,878,926.00 made up of Ksh. 662,988 being board allowances and Ksh. 1,215,935 as the consultancy fees.

The Committee observed that-

- a) The Minister was not consistent with facts both in the House and before the Committee.
- b) The Minister allegedly based his action on EMU Report, but *EMU Report* cleared the first three candidates. Therefore the Minister misled the House and the Committee. The said *EMU Report* came out on January 2010 after the Exercise was concluded on August, 2009.
- c) There was apparent discrepancy in the Minister's allegation that the entire Board of Management was adversely mentioned in the Emu report, yet the report implicated only the Management Committee of the college.
- d) There was an element of discrimination in the Ministers action, which is contrary to provision of National Cohesion and Integration Acts.
- e) The Minister admitted having attended a celebratory party at Dr. Onundi's rural home.
- f) The Minister failed to demonstrate that the KMTC Board of Management was corrupt, inefficient and incompetent.

The Committee recommended -

- (i) That, the House resolves that the appointment of the Director of KMTC as made by the Minister of Medical Services is a nullity; and,
- (ii) That, the House directs the Minister for Medical Services to regularize the appointment within sixty days;
- (iii) That, since the Minister failed to demonstrate that the KMTC Board of Management was corrupt, inefficient and incompetent, as alluded in his response in the House and before the Committee, the amount of Kshs. 1,878,926.00 incurred in the recruitment exercise be recovered from the Minister; and,

(iv)That, the House urges that due process of the law be followed in the appointment of the Director of the College.

Having considered all the evidence and additional information, the Committee also resolved to Table the report to the House, with the above-mentioned recommendations, soonest.

Reservations- (Hon. Olago Aluoch, M.P)

The Hon. Olago Alouch recorded reservations on the assertion by the Joint Committees that the Minister contravened the law in appointing the director. The Member was of the view that the use of the word "*shall*" in Section 8 of the KMTCA Act does not confer a mandatory obligation on the Minister, and therefore the Minister can exercise his discretion.
