### 12. FINDINGS, OBSERVATIONS AND COMMENTS

- 1 Plan to extend the boundaries of Kisumu Municipal Council were started in the 1960's with the government establishing a commission;
- 2 The government appointed the Ogutu Commission to look into the possibility of extending the Kisumu Municipality boundary. The aim was to make the municipality get more revenue, to be able to manage and offer health, security and other social services to the residents properly, develop its future land for development.
- 3 the Commission recommended that boundaries of Kisumu Municipality be extended to include the following areas the whole of **Kajulu Locations**(Kadero, Konya and Wathorego), **Kolua Location**(Kasule, Nyalunya, Nyalenda, Manyatta, Bwoye and Chiga) and **sub locations of Kisumu(**Dago, Kanyakwar, Kogony, Korando, Ojola and Kanyawegisi);
- 4 There were wide consultations and meetings held and or conducted which included the leaders, interested parties and the local people of Kisumu with a view of resolving and agreeing to the need to extend the boundaries of Kisumu Municipal Council;

- 8 Between 1977 1979, the Ministry of Land and Settlement then established adjudication sections in the areas recommended to be covered by the expansion. Therefore there is no need to Initiates a process of adjudication under the Land adjudication Act and proceed to issue titles under the Registered Land Act to the original owners of the ancestral land.

#### INVESTIGATIONS - BACKGROUND INFORMATION

- 23. Kisumu Municipality was subject to reduction in area firstly in 1923 and secondly in 1932 with the result that it was much smaller than other towns of comparable size. The then area of Eldoret is approximately three times while that of Nakuru is twice Kisumu area. Kisumu Municipality was never considered during the 1962/3 boundaries commission of which Mombasa and Nairobi took a great advantage.
- 24. The intention of extending Kisumu Municipality boundary was discussed for a long time, the discussions and consultations meetings started way back in the mid-1960s, however due to the opposing views held by the members of the Kisumu County and Municipal councils, local politics and other misunderstandings it led to the failure in the attempts to extend the boundary of Kisumu at the initial discussions of 1962/3.
- 25. Various consultative meetings were held to try to agree and resolve

- the matter, where meetings and consultations were held including with the leaders from Kisumu, Kisumu County and Kisumu Municipal Council, Provincial Administrations among others.
- 26. Meetings were held with a view of getting the local people including interested parties to agree that the boundaries of Kisumu be extended. The meetings were, one on August 21, 1970, where a public meeting was held with interested parties, several people gave oral and submitted evidence and the people of Kisumu accepted the need to extend the boundary;
- **27.** Secondly, a final meeting was held on December 2, 1970 in which people unanimously agreed that there is need to extend the boundary and that in case any land is require for development, compensation should done in a proper manner.
- 28. Therefore, in 1970, the government appointed the Ogutu Commission to look into the possibility of extending the Kisumu Municipality boundary. The aim was to make the municipality get more revenue, to be able to manage and offer health, security and other social services to the residents properly, develop its future land for development. The Commission commenced its work in 1969 but visited Kisumu for the first time in June 1970.
- 29. In its findings and recommendation, the Commission recommended that boundaries of Kisumu Municipality be extended to include the following areas the whole of Kajulu Locations (Kadero, Konya and Wathorego), Kolua Location (Kasule, Nyalunya, Nyalenda, Manyatta, Bwoye and Chiga) and sub locations of Kisumu (Dago, Kanyakwar, Kogony, Korando, Ojola and Kanyawegisi);
- **30.** The Commission noted that the land should not be taken over until adjudicated for security reasons of the occupiers i.e. the land must be adjudicated before the people are removed;
- 31. During 1977 1979, the Ministry of Land and Settlement then

- established adjudication sections in the areas as recommended by the Ogutu Commission.
- 32. By Legal Notice No.3400 of 19<sup>th</sup> of November, 1976 the Government of Kenya acquired land in Kanyakwar, South and West Kajulu, Manyatta and Nyalenda Pandpieri through the Land Acquisition Act, Cap 265 within the meaning and under Trust Land Act, Cap 288, Compulsorily Acquire Land for purposes of expansion of Kisumu Municipal Council for industrial and commercial purposes;
- 33. The area that were acquired for expansion, were:
  - a) **Kisumu East location** where Kogony/Kanyakwar clan lived along the rail from Kudho Primary School area to ASK showground. Except Mr. Orowe, the rest of the occupants then received payments as compensation and vacated the area;
  - b) **Kajulu west** Kadero and Konya clans lived. All vacated the land on compensation in 1972.
  - c) **Migosi site** where the Kanyakwar Clan lived. All were compensated and left the land; and
  - d) Along Kibos Road both sides where the Kasule, Kasagam and Kadidi. It is only Mr. Odemba who refused to accept payment and remained in the area but the rest of the former occupants received their payments as compensation and left the land.
- **34.** Compensation exercise commenced in 1972, coordinated by the Provincial Administration and ended in 1976 following the gazettement and repossession of all land acquired and reserved for industrial, commercial and residential developments;

MINISTER FOR LAND ON THE PETITION - The Minister informed the Committee, that:-

**35.** The land that is subject of the petition covers the extended areas of Kisumu Municipality – Manyatta, Nyalenda Pandpieri and was initially held by the Kisumu County Council.

- **36.** In November 1976, the Government of Kenya undertook the setting aparts the land vide Legal Notice No 3400 on behalf of Kisumu County Council for purposes of housing and industrial developments.
- **37.** As provided in the Trust Land Act (cap 288) the District Commissioner identified all the people who had interest on the land with the help of the local chiefs for purposes of compensation. Compensation was thereafter paid as follows;-

# 38. Compensation for structures and other improvements

	TOTAL	2266	4,333,690.00

**40.** Complaints for underpayment and omissions were received mainly related to buildings and other improved structures. However the complaints were dismissed as the compensation was found substantial and complainants were satisfied;

# MEMORANDUM FROM WEST KOLWA NEIGBOURHOOD (WATCH GROUP) - They informed the Committee, that:-

- **41.** Disputed land which were acquired originally by Kisumu County Council and subsequently by Municipal Council of Kisumu was done in accordance with law and the proper procedure were followed;
- **42.** Confirmed that the land acquisition in the area was properly acquired, allotments and compensations done with accordance with the law.

#### MUNICIPAL COUNCIL OF KISUMU

- **43.** Government of Kenya acquired land on behalf of the Council Kanyakwar, South and West Kajulu, Manyatta and Nyalenda Pandpieri through Land Acquisition Act, Cap 295 vide Kenya Gazette legal notice No. 3400 of 19th November 1976;
- **44.** The notice was given for and on behalf Municipal Council of Kisumu that the acquired land is required to be set apart for housing and industrial development within the meaning of the Trust Land Act, Cap 288, laws of Kenya;
- **45.** Compensation exercise commenced in 1972, coordinated by the Provincial Administration and ended in 1976 following the gazettement and repossession of all land acquired and reserved for industrial, commercial and residential developments;
- **46.** Under the Public Authority Limitation Act, Cap 39, the occupiers were permitted to file any objections, complaints and or petitions in respect of the acquisitions but there exist no record of such objections or petitions;
- **47.** KIKAKO wants to reverse compensation and ownership of land of which compensation was done to their parents. For Kanyakwar Clan which consist of Kokal, Kamenya, Kogola and Kogony Kanyimo sub clans were all in Kanyakwar Sub Location and when compensation

- were carried out, the only person who remained uncompensated was Mzee Orowe;
- **48.** Compensation were done through the District Commissioners office then led by Mr. Oleng Charo in conjunction with the chiefs and assistant Chiefs. Specific complaints were referred to the Provincial Agricultural Board for arbitration and were sorted out,
- **49.** The Government in liaison with the Kisumu Municipal Council ensured that the land was planned for the intended purpose;
- **50.** All residents left their land as they were satisfied with the 1972 1976 compensation;
- **51.** The Kadidi sub clan is composed of Kokumo, Kongombe and Kayugi sub clans and the emergence of the Kadidi sub clan, of the greater Kolwa clan to claim parcels of land in which their parents or great-grandparents undertook to sell it to government is ill-advised;

- **52.** Allegations that the monetary compensation for acquisition was nominal and inadequate and further that the acquired land was not utilized for the gazetted purposes are not valid and therefore the petition has no merit.
- **53.** The land has been a subject of many civil suits such as suit no.65 of 2008 in the High Court of Kisumu which named Kisumu Municipal Council and Commissioner of Lands as the 1st and 2nd defendants respectively.
- 54. Following the complaint by the Kikako Welfare Association to the Land Acquisition Compensation Tribunal in July 2005, on land acquisition dispute on land lying along Kisumu Kibos Railway line-Kisumu, the tribunal observed that the purported acquisition was not undertaken under the provisions of Land Acquisition Act, Cap 265, Laws of Kenya as alleged by the Association but the land was acquired through the process of setting apart of Trust Land under Trust

Lands Act Cap 288. Acquisition of land under Trust Lands Act Cap 288 falls outside the tribunal's mandate and accordingly the right of appeal in terms of sections of the Act lies with the Provincial Agricultural Board.

- 55. Kikako Welfare Association has severally taken up the illegal alienation and allocation of their land with the Kenya Anti-corruption Commission forwarded to the Commission of Inquiry into the Land Law Systems of Kenya and finally to the Office of the President back in 2000 received no relief to their plea.
- **56.** Memorandum by Kikako Welfare Association under signed by 30 members of lands and security committee to the Commission of Inquiry into the Land Law Systems of Kenya on demands to return their grabbed lands observed, that:
  - a) Their problem started back in 1966 when known land grabbers colluded with Kisumu Municipal Council to take the land for expansion;
  - b) The grabbers were unsatisfied and resurfaced in 1972 dabbed as Ogutu Commission to extend the municipality boundaries ,through manipulation and protracted lobbying Kikako elders were duped to accepting the proposal on the following conditions;
    - No one's' properties would be interfered with;
    - ii. The inhabitants would continue living uninterrupted from their usual activities;
    - iii. Bury their dead as usual;
    - iv. Tend and farm their land normally;
    - v. In event of future developments the indigenous inhabitants would be the beneficiaries; and
    - vi. The land shall be adjudicated, registered in their names and title deeds given to them.
- 57. In 1978, the local administration in collaboration with the Local

- authority agents evicted the original owners without room for negations/agreements/alternative settlement;
- 58. The government of Kenya in the 1978 compulsorily acquired the same land without providing for an alternative settlement and compensation to the owners. These lands in question include Kisumu East (Kanyakwar, Kogony (Kanyamony)), Kajulu West (Wathorego, Konya) and Kolwa Central (Nyalunya, Kasule);
- **59.** Memorandum from KWA to the former president Daniel Toroitich Arap Moi informs as follows:
  - a) Membership was drawn from 3 locations namely Kisumu (4 sub locations), Kajulu (2 sub locations) and Kolwa (2 sub locations). The above mentioned locations contributed land on which Kisumu town stands.

- b) Petitioners had petitioned his Excellency back in 1997/8 on the eviction matter and acted immediately by appointing the Commission of Inquiry into Land Law Systems in Kenya; furnished the commission with all fact about their lost land.
- c) Wanted the president's word on the commission findings. In 1978 people were evicted from the 4 sub locations of Kanyakwar of Kisumu East, Wathorego/Konya of Kajulu West and Kasule/Nyalunya of Kolwa central.
- d) The evictees were sent away without alternative settlement;
- e) No government department identifie's itself with the acquisition claim want fair and equal treatment like the rest of the Kenyans in Nairobi, Mombasa who have been developed.

# MEMORANDUM KOLWA DEVELOPMENT ASSOCIATION - Background

- **68.** Land adjudication process had not reached these places at the time of eviction hence did not acquire title deeds for their parcels, till later in 1977.
- **69.** The chief actions were guided by the Gazette Legal Notice No.3400 of 19th November 1976 and the set areas as per the notice shouldn't

have affected the Central Kolwa location.

- **70.** Evictees have used several avenues to address the matter but no success

  - b) In 2011 Kisumu Municipal Council with help of Administration Police and Council Askaris evicted them;
