# **OFFICE OF THE AUDITOR-GENERAL**

# REPORT OF THE AUDITOR-GENERAL ON NATIONAL GOVERNMENT CONSTITUENCIES DEVELOPMENT FUND – WAJIR WEST CONSTITUENCY FOR THE YEAR ENDED 30 JUNE 2016

# **REPORT ON THE FINANCIAL STATEMENTS**

I have audited the accompanying financial statements of National Government constituencies development fund – Wajir West constituency set out on pages 1 to 22, which comprise the statement of financial assets as at 30 June 2016, and the statement of receipts and payments, statement of cash flows and summary statement of appropriation for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standard (Cash Basis) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

The management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

### Auditor-General's Responsibility

My responsibility is to express an opinion on these financial statements based on the audit and report in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the constitution. The audit was conducted in accordance with Standards of Supreme Audit Institutions. Those standards require compliance with ethical requirements and that the audit be planned and performed to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation

Promoting Accountability in the Public Sector

and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the National Government constituencies development fund – Wajir West constituency internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence obtained is sufficient and appropriate to provide a basis for my gualified audit opinion.

# Basis for Qualified opinion

# 1.0 Irregular Award of Contracts

National CDF Board approved a total project allocation for 2015/2016 of Kshs.150,852,025 for National Government Constituency Development Fund Wajir West out of which Kshs.140,746,753 were allocated to various projects ranging from education, water, Roads and Security. However, examination of records available such as project files, Bills of Quantities, request for quotations and payment vouchers revealed that projects worth Kshs.16,169,950 had anomalies as follows: -

- (i) Tender notice did not set the criteria to be used for evaluation of tenders for the projects advertised.
- (ii) No evidence was availed to show the contracts were properly evaluated since there were no evaluation reports attached to the payment vouchers or availed to support the projects.
- (iii) No tender opening register was maintained by the Project management committees to show that meetings took place and deliberated on the purported procurements.
- (iv) Bills of quantities for some of the projects were not properly filled since they were not signed on one or two pages by members of tender committee as required by Section 60(1) of the Public Procurement And Disposal Regulations 2006.
- (v) Quotations, Bills of Quantities, and contract agreements for some of the projects were not made available for audit review hence the method of procurement used to procure the projects could not be ascertained.

In view of the foregoing, the propriety of the expenditure of Kshs.16,169,950 could not be confirmed as at 30 June 2016.

### 2.0 Unsupported Monitoring and Evaluation

The National Government Constituency Development Fund Board approved Kshs.2,000,000 for monitoring and Evaluation for the financial year 2015/2016 for the

Constituency. However, an amount of Kshs.1,027,000 was found to have anomalies as described below:-

- (i) The mode of transport used by the committee during the monitoring and evaluation was not indicated since the payment voucher was not supported with work ticket/bus ticket.
- (ii) List of the projects visited were neither attached to the payment voucher nor made available for audit. Further, monitoring and evaluation reports for the projects visited were not attached to payment voucher or availed for audit review.
- (iii) Some of the payment schedules supporting the payment vouchers were not signed by some recipients as evidence of money received.

Consequently, the propriety and value for money for the expenditure totaling Kshs.1,027,000 could not be ascertained.

# 3.0 Non-Maintenance of Bank Accounts for Project Management Committee

Section 15(10)(a) and 10(b) of National Government Constituencies Development Fund Regulations, 2016 requires Constituency Development Fund to maintain records of Bank accounts opened by project management committees and to prepare and table quarterly reports.

However, contrary to the regulations, records of bank accounts held by the various project management committees such as bank statements and cash books were not maintained by the National Government Constituency Development Fund Wajir West office. There was no bank reconciliation statement for the Project Management Committee accounts.

Under the circumstances, it was not possible to ascertain whether the funds disbursed to the Project Management Committee accounts were used for the intended purpose and accounted for as at 30 June 2016.

# **Qualified Opinion**

•

In my opinion, except for the effect of the matters described in the Basis for Qualified Opinion paragraph, the financial statements present fairly, in all material aspects, the financial position of the National Government Constituencies Development Fund - Wajir West Constituency as at 30 June 2016, and of its financial performance and it cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Cash Basis) and comply with the National Government Constituencies Development Fund Act, 2015.

Financial year 2015/2016 and unspent balance of Kshs.26,358,998 from the financial year 2014/2015.

The analysis of budget against actual expenditure for the year under review is given as follows:-

# 1.2 Under/Over Expenditure

From the analysis above it was noted that the National Government Constituency Development Fund Wajir West spent an amount of Kshs.86,244,245 or 57.2% of the total budgeted allocation for the period under review. This means, the National Government Constituency Development Fund Wajir West management under spent Ksh.64,607,780.

Failure to utilize the funds allocated was associated with the enactment of the new NGCDF Act, 2015, its regulations and the expiry of CDFC term.

The Fund implemented and completed all the projects during the financial year. The same were physically verified during audit verification of the projects. However, the projects were not fully paid hence the under absorption of the funds and this led to pending bills of Kshs.61,313,313.

Report of the Auditor-General on the Financial Statements of National Government Constituencies Development Fund – Wajir West Constituency for the year ended 30 June 2016

Failure to pay the contractors during the financial year was explained to have caused by late receipt of the funds.

### 2.0 Constituency Oversight Committee

During the year under review, Constituency oversight committee was not appointed as required by Section 53(1) of the National Government Constituencies Development Fund Act, 2015. No explanation was given for not appointing the committee and therefore breaching the law.

Consequently, it was not clear how the Fund operated without an oversight committee.

# II. FORWARD BY THE CHAIRMAN NATIONAL GOVERNMENT CONSTITUENCY DEVELOPMENT FUND COMMITTEE WAJIR WEST

# Forward note by the Chairman NG-CDFC Wajir West

ţ,

The National Government Constituencies Development Fund (NG-CDF) which is a program meant to promote poverty eradication through decentralization was enacted through the NG-CDF Act 2015. The main aim of its establishment was to iron out imbalances brought about by patronage politics by providing funds to parliament jurisdictions, that is, Constituencies to fight poverty. The program is designed to fight poverty through the implementation of development projects which are National government functions at the local level and particularly those that provide basic needs like education, social welfare, security and education bursaries.

During the Financial year under review, National Government Constituency Development Fund Wajir West Constituency was allocated a total of Kshs. 124,493,027. From the summary of appropriation statement, the overall budget performance stood at 57%. The absorption of funds on development expenditure was very good at 56%. The low budget performance was as a result of the transition from the CDF Act 2013 to the NG-CDF Act 2015 which came into force on 19<sup>th</sup> February 2016. The formation of the National Government Constituency Development Fund Committee (NG-CDFC) which replaced the CDFC under the old Act took a period of about of 4 months which meant that there were no operations during the transition period.

The National Government Constituency Development Fund Wajir West has made tremendous achievements during the financial year under review. The major beneficiary was the education sector. Firstly, more than 700 needy and poor students pursuing various courses in more than 50 tertiary institutions have benefitted from a bursary disbursement of 11.2 Million. Secondly, to improve education infrastructure and hence access, twenty (20) new classrooms in 15 primary schools were constructed during the financial year. In addition, administration blocks and staff house were constructed in primary schools.

The main emerging issue during the year under review was the lapse of time as a result of a court ruling about the constitutionally of the CDF. This meant that the previous CDFC's term had lapsed and there was a need to form a new committee which took 4 months before the operations resumed again.

4

The main implementation challenge during the year under review was the time lost in the process of transiting to the new NG-CDF Act 2015 which meant projects implementation delayed by an equivalent time.

In conclusion, let me take this opportunity to sincerely register my appreciation to all those who have worked relentlessly in the entire Financial statements preparation process through the consultative forums organized by the NG-CDF Board. In particular, I would thank the Fund Account Manager, Wajir West who has taken a lead role in the process and the support provided by the District Treasury, Wajir West.

Abdiaziz Adan Hassan CHAIRMAN NG-CDFC

# IX. SIGNIFICANT ACCOUNTING POLICIES

The principle accounting policies adopted in the preparation of these financial statements are set out below:

## 1. Statement of compliance and basis of preparation

The financial statements have been prepared in accordance with and comply with International Public Sector Accounting Standards (IPSAS) with particular emphasis on Cash Basis Financial Reporting under the Cash Basis of Accounting. The financial statements comply with and conform to the form of presentation prescribed by the Public Sector Accounting Standards Board of Kenya.

The financial statements are presented in Kenya Shillings, which is the functional and reporting currency of the NG-*CDF Wajir West* and all values are rounded to the nearest shilling. The accounting policies adopted have been consistently applied to all the years presented.

The financial statements have been prepared on the cash basis following the Government's standard chart of accounts. The cash basis of accounting recognises transactions and events only when cash is received or paid by the NG-CDF Wajir West.

During the financial year under review, two items had been reclassified by NG-CDF Wajir West. First, Social Security benefits (employer contribution to NSSF), a standalone item in the FY 2014/15 amounting to Kshs.19,800 has been reclassified as part of compensation of employees. Second, committee expenses, a standalone item in the FY 2014/15 amounting to Kshs. 2,448,800 has been reclassified as part of the Use of goods and services. This is in line with the draft template provided by the Public Sector Accounting Standards Board (PSAB) available at the National Treasury website. It is worth mentioning that it is only the PSAB which has the mandate of developing guidelines under the PFM Act 2012.

## 2. Recognition of revenue and expenses

The NG-CDF Wajir West recognises all revenues from the various sources when the event occurs and the related cash has actually been received by the NG-CDF Wajir West. In addition, the NG-CDF Wajir West recognises all expenses when the event occurs and the related cash has actually been paid out by the NG-CDF Wajir West.

### 3. In-kind contributions

In-kind contributions are donations that are made to the NG-CDF Wajir West in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind

contributions can be reliably determined, the NG-CDF Wajir West includes such value in the statement of receipts and payments both as revenue and as an expense in equal and opposite amounts; otherwise, the contribution is not recorded.

## 4. Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year. For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year.

# 5. Pending bills

Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they recorded as 'memorandum' or 'off-balance' items to provide a sense of the overall net cash position of the *NG-CDF* Wajir West at the end of the year. When the pending bills are finally settled, such payments are included in the statement of receipts and payments in the year in which the payments are made.

# 6. Budget

The budget is developed on the same accounting basis (cash basis), the same accounts classification basis, and for the same period as the financial statements. The NG-CDF Wajir West budget was approved as required by Law and as detailed in the Government of Kenya Budget Printed Estimates. A high-level assessment of the NG-CDF Wajir West actual performance against the comparable budget for the financial year under review has been included in an annex to these financial statements.

# 7. Comparative figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

# 8. Subsequent events

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended June 30, 2016.

# X. PROGRESS ON FOLLOW UP OF AUDITOR RECOMMENDATIOS

60

The Management of NG-CDF Wajir West appreciates the fact that the Cash Basis of Accounting Method under the International Public Sector Accounting Standards (IPSAS) requires an inclusion of progress on follow-up of auditor recommendations as part of the financial statements. As at the time of the audit in December 2016, the Auditor General's report for the Financial Year 2014/2015 was not received. However, we had received a Management Letter which we satisfactorily addressed all the issues raised by the audit team.
