## CHAIRPERSON'S REPORT.

### Introduction

The need for higher education in the country has continued to increase over the years. In order to satisfy this great need the University College has continued to offer market driven courses with a special emphasis in cooperative education training and research. The University College continues to carve its market niche in the education sector as a premier university college that will greatly contribute to the Kenyan economy.

Since its inception on 4<sup>th</sup> November 2011, the University College has been on a growth trend having admitted the first class of Joint admissions students (**JAB**) in September 2012. The University college management's focus has been to provide a firm foundation to the young institution through quality training, research, and consultancy and development interventions in co-operatives in line with the mission and vision of the university.

### Financial performance

During the year 2012/2013, the University reported a gross income of Kshs 332,110,717.00 Compared to the Gross income of Kshs 194,122,981.00 for the 2011/2012. This represents an increase of 71.1% which is attributed to the increased government funding due to Change from the previous Cooperative college status to the university college status and rise in students population (especially degree students). However the Gross income was not able to meet all the obligations as it was not commensurate with the added responsibilities of a public University College

### Achievements and Challenges

During the 2012/2013 financial year, the university commenced construction of a modern lecture theatre with a capacity to host 2,000 students. This facility will greatly improve the learning environment. Further, the university college underwent successful conversion exercise from the previous college status.

in the future the university council will need to focus its efforts in construction of a modern Library additional classrooms and expansion of other physical facilities in order to accommodate increasing number of students.

### Appreciation

First, I sincerely thank the outgoing university council for their dedication and guidance to the University College during the critical transition period. In particular, I wish to acknowledge Dr. Margaret Karembu who was the Chairperson of the university council, her support and guidance to the institution is highly appreciated. May the lord bless her in her new assignment.

## THE CO-OPERATIVE UNIVERSITY COLLEGE OF KENYA

Finally I wish to thank the government of Kenya through the Ministry of Education, our development partners, stakeholders and all other organizations that have stood with us during the entire financial year. Their continued support is highly appreciated. On behalf of the University College Council, I thank the University management, staff and students for their dedication and commitment towards the growth of the university.

 CHAIRMAN OF THE UNIVERSITY COLLEGE COUNCIL

## STATEMENT ON CORPORATE GOVERNANCE

During the year under review, the council comprised of six members all appointed by the Minister in the Ministry of Higher Education Science and Technology. All other members are ex-official members. The Council is responsible in ensuring that the University council complies with the law and best practices in corporate governance.

### Functions of the Council

The functions and powers of the Council are as stipulated in Legal Order No.161 of November 2011 as indicated below

- To administer the property and funds of the University College in a manner and for the purpose which promotes the interest of the University College.
- To receive, and on behalf of the University college, donations, endowment, gifts, grants or other moneys and make disbursement there from to the University College or other bodies or persons.
- To approve appointment criteria and the terms and conditions of service of staff.
- To provide for the welfare of the staff of the University College.
- To enter into association with other Universities, University Colleges or other institutions of learning.
- To make regulations governing the conduct and discipline of the students of the University.
- To ensure that a proper management structure is in place and that the structure function to maintain corporate integrity, reputation and responsibility.
- To monitor and evaluate the implementation of strategies, policies, and management criteria and plans of the University College.
- To constantly review the viability and financial sustainability if the University College
- To ensure that the University College complies with all the relevant laws, regulations, governance practice accounting and auditing standards.

## THE CO-OPERATIVE UNIVERSITY COLLEGE OF KENYA

### Council Committees

During the 2012/2013 financial year, the following were the council committees in place

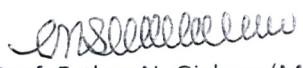

- i) Executive Committee
- ii) Finance, Planning and Development Committee
- iii) Human Resource Management Committee
- iv) Audit Committee
- v) Sealing Committee

The council nominates a chairman of each Council committee. The University College Council Chairman is not a member of other committees apart from the executive Committee, but can attend any committee meeting if need arises.

### Corporate Social responsibility

The University college council acknowledges its role in the welfare of the community by participating in matters that promote the wellbeing of the society. During the year under review, the university college participated in shirika day celebrations and planting of more than ten thousand trees in order to keep the environment green. The University College also participated in the Matter Hospital run

## THE CO-OPERATIVE UNIVERSITY COLLEGE OF KENYA

### STATEMENT OF COUNCIL MEMBERS RESPONSIBILITIES

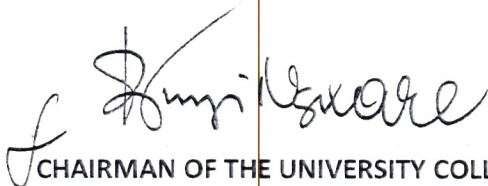

The Co-operative University College of Kenya is required to prepare statements, which give a true and fair view of the state of affairs of the University as at the end of the financial year, and of its surplus or deficit for the year. The University Council is required to ensure that the University maintains proper accounting records which disclose with reasonable accuracy the financial position of the University. The University Council is also responsible for safeguarding the assets of the College.

The University Council accepts responsibility for the financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgments and estimates, consistent with previous years and in conformity with International Financial Reporting Standards. The University Council is of the opinion that financial statements give true and fair view of the state of the financial affairs of the University as at 30<sup>th</sup> June 2013 and of its surplus for the year then ended.

The University Council further confirms the accuracy and completeness of the accounting records maintained by the University, which have been relied upon in the preparation of the financial statements, as well as on the adequacy of the system of internal financial control.

Nothing has come to the attention of the University Council to indicate that the University College will not remain as a going concern for at least twelve months from the date of this statement.

This statement is approved by council and is signed on its behalf by:

  
CHAIRMAN OF THE UNIVERSITY COLLEGE COUNCIL

  
Prof. Esther N. Gicheru (MRS.). HSC

## THE CO-OPERATIVE UNIVERSITY COLLEGE OF KENYA

### PRINCIPAL'S REPORT FOR THE YEAR ENDED 30TH JUNE 2013.

I am pleased to present the annual report and accounts for the Cooperative University College of Kenya (CUCK) for the year ended 30<sup>th</sup> June 2013.

In the year ended 30<sup>th</sup> June 2013, the university submitted to the ministry of Higher Education Science and Technology a budget of Kshs 1,555,039,000. Out of this, Kshs 527,792,000 was for recurrent grants and Kshs 787,000,000 for development grant. The University College had committed itself to generate Kshs 240,247,000 as appropriation in aid (A.I.A).

In the year under review, only Kshs 191,250,000.00 was received from the government of Kenya as grants. Out of this Kshs 53,100,000.00 was to meet Collective Bargaining agreement for staff, leaving the university with a recurrent grant of Kshs 138,150,000.00 which was far below our budget submissions. Further, the approved development expenditure of Kshs 51,000,000 was not disbursed to the university. This has greatly affected the targeted completion of various projects.

On its part the university generated Kshs 121,294,959.00 which also fell short of the anticipated appropriations in aid (A.I.A). This is attributed to the fact that the additional student fee is highly subsidized by the Government.

It is worth noting that the University College has grown in terms of student's population having admitted the First class of 400 Joint Admissions Board (JAB) students in September 2012 and a second batch of similar number in September 2013. In this regard, the university college has an urgent need to expand its physical facilities in terms of Library, Lecture theatres, expansion of the sewerage system, development of master plan to mention a few. In addition, the University needs to recruit senior academic staff to handle both undergraduate and postgraduate programmes, which have been developed.

Finally, I take this opportunity to thank the Government of Kenya, our collaborators, and other institutions that have rendered their support during the entire financial year. Further, I would like to appreciate the support accorded to me by staff and students in ensuring smooth running of the university college.

## KENYA NATIONAL AUDIT OFFICE

### REPORT OF THE AUDITOR-GENERAL ON THE CO-OPERATIVE UNIVERSITY COLLEGE OF KENYA FOR THE YEAR ENDED 30 JUNE 2013

---

#### REPORT ON THE FINANCIAL STATEMENTS

I have audited the accompanying financial statements of The Co-operative University College of Kenya set out on pages 9 to 21, which comprise the statement of financial position as at 30 June 2013 and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 14 of the Public Audit Act, 2003. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

#### **Council's Responsibility for the Financial Statements**

The University Council is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards and for such internal control as the Council determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

The Council is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 13 of the Public Audit Act, 2003.

#### **Auditor-General's Responsibility**

My responsibility is to express an opinion on these financial statements based on the audit and report in accordance with the provisions of Section 15 of the Public Audit Act, 2003. The audit was conducted in accordance with International Standards on Auditing. Those standards require compliance with ethical requirements and that the audit be planned and performed to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are

appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University College's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Council, as well as evaluating the overall presentation of the financial statements.

I believe the audit evidence obtained is sufficient and appropriate to provide a basis for my audit opinion.

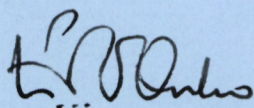

### **Opinion**

In my opinion, the financial statements present fairly, in all material respects, the financial position of the University College as at 30 June 2013 and of its financial performance and its cash flows for the year then ended, in accordance with International Financial Reporting Standards and comply with the Universities Act, 2012.

### **Emphasis of Matter**

#### **Financial Performance**

During the year under review, the University College recorded a deficit of Kshs.7,324,273 (2012-Kshs.41,775,028) resulting in accumulated deficit of Kshs.88,331,838 as at 30 June 2013. Further, the current liabilities of Kshs.75,597,449 as at 30 June 2013 exceeded the current assets of Kshs.52,166,462 resulting in a negative working capital of Kshs.23,430,987. The negative working capital arose as a result of delayed Government grant of Kshs.51,135,910 for which the liabilities had already been incurred as at the close of the financial year. My opinion is not qualified in respect of this matter.
