He was also Pioneer Production Editor of Inside Kenya Today, a weekly newspaper published by the department of information and Public Communication

IV. CHAIRPERSON'S STATEMENT

It is my pleasure to present the Kenya Yearbook Editorial Board's report for the year ended 30 June 2014. It

has been a financial year of strong results in the face of challenging, albeit improving, global and domestic

social-political and economic conditions.

The leverage that Kenya's Vision 2030 has put in place has made the country to move on in a steadily guided

rail towards a common destiny of creating a globally competitive and prosperous nation. It is expected this

trend will transform Kenya's economy into that of an industrialized middle-income country and improved quality

of life for the citizens in a clean and secure environment.

Given the ever changing local and international communication space, never has there been a greater need to

put out information that is not only in line with realities on the ground, but also Kenya's long term aspirations. In

this regard and in line with Government's recognition of the importance of information and communication in

national development, the Board exploits available opportunities to produce publications that provide

leadership in government communications. Our goal is, to ensure that the citizens and international community

understand and appreciate government efforts to achieve its goals, in a bid to make this country a better place.

Thus the Board endeavours to make its contribution in transforming the livelihoods of Kenyans both socially

and economically; by availing modern and exclusive information, to help them maximize emerging

opportunities. This is in furtherance of the belief that an informed society is better equipped to take advantage

of available opportunities and resources to improve its quality of life. Obviously, our success would not be

possible without the support of various state and non-state actors and even individuals to whom we wish to

convey our heartfelt gratitude.

We look forward to the support of all Kenyans and our partners to achieve all these.

Thank you.

Esther Kamweru, OGW

Chairperson

V. REPORT OF THE CHIEF EXECUTIVE OFFICER

On behalf of Management and on my own behalf, it is a pleasure to present the achievements of Kenya Yearbook Editorial Board (KYEB) for the financial year ended 30th June, 2014. Among the flagship publications we have managed to produce so far, the Kenya Yearbook 2013/14; themed Kenya@50 which coincided with the country's 50 years of independence celebration. Other major publications include: Kenyatta Cabinets, Higher Education Yearbook and the County Investment Opportunities.

The Kenya Yearbook 2013/14, themed Kenya@50 is an invaluable resource for anyone seeking information about our beautiful country and covers a wide range of topics on our social, political, economic and cultural affairs. This publication, whose release coincided with the nation's independence golden jubilee celebrations, highlights achievements and challenges which the country has gone through in the past and how they have shaped Kenya as we know it today. Where possible, we have looked at milestones in each of the five decades of independence, with emphasis on personalities, events and institutions. True to our tradition with the-previous two editions, the publication begins by chronicling Kenya's early history and political developments. It reviews projects, policies and plans as reflected in the work of ministries, agencies, departments, State corporations, as well as the private sector and individuals. It also gives details of our geographical and demographical diversity as well as our rich cultural heritage.

The nation's governance system is discussed in detail, particularly in light of our new constitutional dispensation, whose implementation is now in its fourth year. The Yearbook then gives an account of Government programmes and policies as well as key milestones achieved in our development agenda as guided by our Vision 2030, which is anchored on three key pillars, namely social, political and economic. The Higher Education Yearbook lays bare the state of university education in Kenya and the East African region; looks at the courses available and delves into the relevance of university education offered in the country's institutions in relation to the national development and the labour market.

The Board hopes to team up with ministries and departments to produce comprehensive sector/county profile publications. Contents of the publications highlight the various counties' profiles, development pillars, strategies and priorities harmonised with the national development goals and the county specific economic and financial programmes, and their implementation endeavours. Thus the County Investment Opportunities publication provide insights into investment opportunities and incentives in all counties by providing basic data, key economic activities, resources and potentials, investment priorities and strategies to mobilize funds for development. We are optimistic the publication, done in collaboration with the governors and the stakeholders in the counties will initiate actions towards county focused development, recognize existing achievements and resources in counties and identify comparative advantages that will shape the county governments' economic path, provide information that will attract investors to the counties and promote inter-county and intra-county investments.

I wish to thank all those who have worked with us to make this year a success, both in our operations and in launching our publications. Specifically, we would like to appreciate the Board of Directors and our parent Ministry, the Ministry of Information, Communications and Technology for their continued guidance and support, our suppliers for their excellent service delivery, all our staff for working tirelessly to make a difference in both the organization and our country. We appreciate the support of all the other stakeholders both within and outside of government who partnered with us. Also, we would like to give special recognition to the Government of Kenya under the leadership of the previous and current Presidents for entrusting us with this remarkable responsibility.

Edward Mwasi

Ag. Chief Executive Officer

VI. CORPORATE GOVERNANCE STATEMENT

Introduction

Corporate governance is the process by which companies are directed and controlled. The concept of corporate governance has gained prominence and enshrined in codes of best practice developed by Organization for Economic Co-operation and Development (OECD), Commonwealth Association of Corporate Governance (CACG) and the Centre for Corporate Governance in Kenya. The Board recognizes the need to conduct the business and operations of the Board with integrity and in accordance with generally accepted corporate practice, and endorse internationally developed principles of corporate governance. The board members will continue to focus their attention on maintaining the highest standards of corporate governance and business ethics in the Board's operations

Board

The members of the board are shown from page 3. The Board is chaired by a non-executive chairperson appointed by the President. All members of the board have extensive business and administrative experience in private and/or public sectors that are applied in the management of the Board. The Board is responsible for:

- Determining and protecting the Board's Vision, Mission and Core values;
- Providing strategic direction to the Board and be responsible for the approval of strategic plans;
- Approving the annual budget, procurement plans, strategic plans, performance contract and work plans;
- Monitoring of implementation of the Board's mandate;
- Ensuring the accounts are audited on time and approve the same on annual basis;
- Appointing the Chief Executive Officer and other senior staff in line with the laid down regulations and ensure they receive adequate training and development and ensure a succession plan is in place;
- Establishing an appropriate organizational structure for the Board to facilitate efficient delivery of its mandate;
- Ensuring that adequate technology and systems are in place;
- Assessing the performance of the Board and ensuring it is meeting is targets as stipulated in the performance contract effectively;
- Ensuring that the Board has appropriate risk management, internal control and regulatory compliance procedures in place;
- Monitoring non-financial aspects relating to the business of the Board and ensuring that the right image and character is upheld;
- Comply with laws and regulations and other guidelines issued by the government from time to time.
- Ensure Board meetings are held regularly to review the Board's performance against set targets, approve policies as well as to formulate strategy for the period under review.

The Board is assisted to carry out its mandate through four committees whose chairpersons report to the Board as described below;

1. Finance Committee

The Board Finance committee is chaired by non-executive board Member and meets at least on quarterly basis. The committee has oversight role of all Financial and Budgetary issues.

2. Audit Committee

The Audit Committee is chaired by a non executive board member and meets at least on quarterly basis. The main responsibilities of the committee are oversight of integrity of financial reporting, internal control, internal and external audit, and compliance with relevant laws and regulations

3. Editorial Committee and Marketing Committee

The editorial and marketing committee is chaired by a non executive board member. The committee meets at least once every quarter and has oversight over all editorial production and marketing issues. The committee's responsibilities are to provide strategic marketing direction and approve marketing plans, activities and budgets.

4. Human Resources and Performance Contract Committee

The Committee chaired by a non executive board member. The committee meets at least once quarterly and oversees human resources and performance contracts issues.

VII. REPORT OF THE DIRECTORS

The Directors submit their report together with the audited financial statements for the year ended June 30, 2014 which show the state of the Board's affairs.

Principal activities

The principal activities of the Board are:-

- Co-ordinate and implement Government Communications functions in a manner that ensures qualitative and positive presentation of materials that defines Kenya's situation
- Provide guidance in government communication and build framework of partnerships and cooperation between key government communicators
- Promote awareness of opportunities available worldwide and how to gain access to them
- Inform Kenyans of regional, continental and global integration opportunities and initiatives
- Communicate governments policies and programmes
- Underpin the philosophy of openness, accountability and transparency

Results

The results of the Board for the year ended June 30, 2014 are set out on page 15

Directors

The members of the Board of Directors who served during the year are shown from page 3

Auditors

The Auditor general is responsible for the statutory audit of the editorial board's books of account in accordance with Section 14 of the public Audit Act, 2003.

By Order of the Board

Edward Mwasi

Ag. Chief Executive Officer

Nairobi

Date: 26/05/2015

VIII. STATEMENT OF BOARD MEMBERS' RESPONSIBILITIES

Section 68 (2) of the Public Finance Management Act, 2012 and section 14 of the State Corporations Act, require the Directors to prepare financial statements in respect of the *Board*, which give a true and fair view of the state of affairs of the *Board* at the end of the financial year/period and the operating results of the *Board* for that year/period. The Directors are also required to ensure that the *Board* keeps proper accounting records which disclose with reasonable accuracy the financial position of the *Board*. The Directors are also responsible for safeguarding the assets of the *Board*.

The Directors are responsible for the preparation and presentation of the *Board*'s financial statements, which give a true and fair view of the state of affairs of the *Board* for and as at the end of the financial year (period) ended on June 30, 2014. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the Board; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of the *Board*; (v) selecting and applying appropriate accounting policies; and (vi) making accounting estimates that are reasonable in the circumstances.

The Directors accept responsibility for the *Board's* financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgements and estimates, in conformity with International Public sector Accounting Standards (IPSAS) accrual method and in the manner required by the PFM Act and the State Corporations Act. The Directors are of the opinion that the *Board's* financial statements give a true and fair view of the state of *Board's* transactions during the financial year ended June 30, 2014, and of the *Board's* financial position as at that date. The Directors further confirm the completeness of the accounting records maintained for the *Board*, which have been relied upon in the preparation of the *Board's* financial statements as well as the adequacy of the systems of internal financial control.

Nothing has come to the attention of the Directors to indicate that the *Board* will not remain a going concern for at least the next twelve months from the date of this statement.

Approval of the financial statements

The Board's financial statements were approved by the Board on $\frac{26105/2015}{2015}$ and signed on its behalf by:

Esther Kamweru, OGW Chairperson

Edward Mwasi
Ag. Chief Executive Officer

OFFICE OF THE AUDITOR-GENERAL

REPORT OF THE AUDITOR-GENERAL ON KENYA YEARBOOK EDITORIAL BOARD FOR THE YEAR ENDED 30 JUNE 2014

REPORT ON THE FINANCIAL STATEMENTS

I have audited the accompanying financial statements of Kenya Yearbook Editorial Board set out on pages 15 to 28, which comprise the statement of financial position as at 30 June 2014, the statement of financial performance, statement of changes in net assets, statement of cash flows and statement of comparison of budget and actual amounts for the year then ended and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 14 of the Public Audit Act, 2003. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

The management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 13 of the Public Audit Act, 2003.

Auditor-General's Responsibility

My responsibility is to express an opinion on these financial statements based on the audit and report in accordance with the provisions of Section 15(2) of the Public Audit Act, 2003 and submit the audit report in compliance with Article 229(7) of the Constitution of Kenya. The audit was conducted in accordance with International Standards on Auditing. Those standards require compliance with ethical requirements and that the audit be planned and performed to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected

depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements present fairly, in all material respects, the financial position of the Board as at 30 June 2014, and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Accrual Basis) and comply with the Legal Notice No. 187 of 2 November, 2007.

Edward R. O. Ouko, CBS AUDITOR-GENERAL

Nairobi

15 July 2015

NOTES TO THE FINANCIAL STATEMENTS

1. Statement of compliance and basis of preparation

The Board's financial statements have been prepared in accordance with and comply with International Public Sector Accounting Standards (IPSAS). The financial statements are presented in Kenya shillings, which is the functional and reporting currency of the Board. The accounting policies have been consistently applied to all the years presented. The financial statements have been prepared on the basis of historical cost, unless stated otherwise. The cash flow statement is prepared using the indirect method. The financial statements are prepared on accrual basis.

2. Summary of significant accounting policies

a) Revenue recognition

i) Revenue from non-exchange transactions

Transfers from other government entities

Revenues from non-exchange transactions with other government entities are measured at fair value and recognized on obtaining control of the asset (cash, goods, services and property) if the transfer is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow to the Board and can be measured reliably.

ii) Revenue from exchange transactions

Rendering of services

The Board recognizes revenue from rendering of services by reference to the stage of completion when the outcome of the transaction can be estimated reliably. The stage of completion is measured by reference to labour hours incurred to date as a percentage of total estimated labour hours. Where the contract outcome cannot be measured reliably, revenue is recognized only to the extent that the expenses incurred are recoverable.

Sale of goods

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership have been transferred to the buyer, usually on delivery of the goods and when the amount of revenue can be measured reliably and it is probable that the economic benefits or service potential associated with the transaction will flow to the Board.

b) Budget information

The annual budget is prepared on the accrual basis, that is, all planned costs and income are presented in a single statement to determine the needs of the Board. As a result of the adoption of the accrual basis for budgeting purposes, there are no basis, timing or Board differences that would require reconciliation between the actual comparable amounts and the amounts presented as a separate additional financial statement in the statement of comparison of budget and actual amounts.

NOTES TO THE FINANCIAL STATEMENTS (CONT...)

c) Property, Plant and Equipment

All property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the items. When significant parts of property, plant and equipment are required to be replaced at intervals, the Board recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. In this regard depreciation is calculated on reducing balance to write off cost or revalued amount of each asset on it estimated useful life. Full depreciation is charged at the year of purchase and zero at the year of disposal. The annual depreciation rates are:

Motor Vehicles		25%
Furniture		12.5%
Computers and Softv	vare	.30%
Partitioning		.12.5%

d) Inventories

Inventory is measured at cost upon initial recognition. To the extent that inventory was received through non-exchange transactions (for no cost or for a nominal cost), the cost of the inventory is its fair value at the date of acquisition. After initial recognition, inventory is measured at the lower of cost and net realizable value. However, to the extent that a class of inventory is distributed or deployed at no charge or for a nominal charge, that class of inventory is measured at the lower of cost and current replacement cost. Net realizable value is the estimated selling price in the ordinary course of operations, less the estimated costs of completion and the estimated costs necessary to make the sale, exchange, or distribution. Inventories are recognized as an expense when deployed for utilization or consumption in the ordinary course of operations of the Board.

e) Provisions

Provisions are recognized when the Board has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Where the Board expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of financial performance net of any reimbursement.

f) Capital Fund

Capital Fund comprises of assets acquired from the ministry of information, Communication and Technology at the inception of the Board.

g) Changes in Accounting Policies and Estimates

The Board recognizes the effects of changes in accounting policy retrospectively. The effects of changes in accounting policy are applied prospectively if retrospective application is impractical.

NOTES TO THE FINANCIAL STATEMENTS (CONT...)

h) Employee benefits

Retirement benefit plans

The Board provides retirement benefits for its employees. The Board operates a defined contribution plans where it pays fixed contributions into a separate Board (a fund), and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods. The contributions to fund obligations for the payment of retirement benefits are charged against income in the year in which they become payable. The entities provide gratuity to it employees who are on three years contract at the end of their term. This expenditure is recognised in the accounts every year.

i) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to authorised public officers which were not surrendered or accounted for at the end of the financial year.

j) Comparative figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation

XV. PROGRESS ON FOLLOW UP OF AUDITOR RECOMMENDATIONS

The following is the summary of issues raised by the external auditor, and management comments that were provided to the auditor. We have nominated focal persons to resolve the various issues as shown below with the associated time frame within which we expect the issues to be resolved.

Referenc e No. on the external audit Report	Issue / Observatio from Audit	Management comments	Focal Point person to resolve the issue (Name and designation)	Status: (Resolved / Not Resolved)	Timeframe: (Put a date when you expect the issue to be resolved)

Guidance Notes:

- a) Use the same reference numbers as contained in the external audit report;
- b) Obtain the "Issue/Observation" and "management comments", required above, from final external audit report that is signed by Management;
- c) Before approving the report, discuss the timeframe with the appointed Focal Point persons within your Board responsible for implementation of each issue;

d) Indicate the status of "Resolved" or "Not Resolved" by the date of submitting this report to National Treasury.

Chief Executive Officer

Chairperson of the Board
